HOUSE BILL NO. 1288 PASSED OVER GOVERNOR'S VETO.

The Clerk of the House of Representatives being introduced, presented for concurrence House Bill No. 1288, entitled

An Act to reimburse certain counties for rewards and bounties heretofore paid by such counties in good faith for the destruction of noxious animals and birds and directing the Auditor General to draw his warrant for the payment of the same.

said bill having passed both Houses and been returned by His Excellency, the Governor, vetoed, with the information that the House has reconsidered and again passed the same by the necessary two-thirds vote notwithstanding the objections of the Governor.

The Chair laid before the Senate the message disapproving the bill, as follows, which was laid upon the table.

Commonwealth of Pennsylvania.
Executive Chamber, Harrisburg, June 7, 1917.

To the Honorable, the House of Representatives of the Commonwealth of Pennsylvania.

Gentlemen: I return herewith, without my approval House Bill No. 1288, entitled "An Act to reimburse certain counties for rewards and bounties heretofore paid by such counties in good faith for the destruction of noxious animals and birds and directing the Auditor General to draw his warrant for the payment of the same."

This bill validates claims of the several counties for bounties or rewards heretofore paid by such counties and for which reimbursement was refused by the Auditor General on account of omissions, defects, errors or irregularities of the proofs of such claims. The Auditor General is directed to issue warrants to the State Treasurer for the payment of these claims, denying only those that are proven fraudulent.

The amount involved is upward of $80,000 and is to be paid from the Hunters' License Fund in the State Treasury. The State Game Commission and the Secretary thereof are strenuously opposed to this bill. They insist that the Commonwealth should not be penalized for the neglect or carelessness of local officials. They point out that gross fraud was perpetrated and that most of this money is not due any one for killing noxious animals but that by connivance of local officials with irresponsible trappers and hunters or by the most flagrant carelessness these bounties were irregularly paid.

The whole affair was so acutely scandalous that in 1915 a law was enacted and put in operation to end the abuse and robbery. Under this Act of 1915 the amounts allotted for this purpose dropped about 300 per cent.—an evidence not of the decrease of real claims but of honest service as against dishonest and careless service prior thereto.

County Commissioners have their remedy through proceedings against the people who have made these claims and the local magistrates who granted improper warrants. The people also have their remedy against the officials who have negligently or carelessly paid such claims.

In some cases unquestionably the claims are proper and the payments should be made. But it is not wise to direct the Auditor General to pay all these claims when locally no effort has been made to verify them. I suggest that this matter be made subject of careful inquiry and local investigation by the responsible local authorities for the purpose of arriving at the next meeting of the Assembly at a basis of adjustment that will recognize and pay the just claims which no doubt this bill sought to cover but did not take into account the whole situation.

For these reasons this bill is not approved.

MARTIN G. BRUMBAUGH.

He also laid before the Senate the following communication:

Commonwealth of Pennsylvania.
Executive Chamber, Harrisburg, June 13, 1917.

To the Honorable, the Senate of the Commonwealth of Pennsylvania.

Gentlemen: On June 7, 1917, I returned to the House of Representatives without my approval, House Bill No. 1288,

entitled "An Act to reimburse certain counties for rewards and bounties heretofore paid by such counties in good faith for the destruction of noxious animals and birds and directing the Auditor General to draw his warrant for the payment of the same."

I made my veto in all good conscience, basing it upon definite and as I believed dependable data submitted to me by informed officials. Since that time in full conference and upon searching inquiry I am led to believe that the charges of fraud and deception in these cases have been greatly overstated, that there is really no evidence now of such frauds, that the counties concerned are really entitled to reimbursement in the absence of proven fraud, and that the bill was passed in all good faith by conscientious men who desire only to do justly by Commonwealth and County.

Under these circumstances it is but proper that I lay these facts before you and request you, if you are like minded with me, to pass this Bill, No. 1288, over the veto of the Executive.

MARTIN G. BRUMBAUGH.

Agreeably to order,

The Senate then proceeded to the consideration of House Bill No. 1288, entitled

An Act to reimburse certain counties for rewards and bounties heretofore paid by such counties in good faith for the destruction of noxious animals and birds and directing the Auditor General to draw his warrant for the payment of the same.

On the question,

Shall the bill pass the objections of the Governor to the contrary notwithstanding?

The yeas and nays were taken agreeably to the provisions of the Constitution, and were as follows, viz:

YEAS—38.

Baldwin,	Haldeman,	McNichol,	Sones,
Buckman,	Hindman,	Miller,	Sproul,
Burke,	Homsher,	Nason,	Tompkins,
Catlin,	Jenkins,	Patton,	Vare,

DeWitt,	Martin,	Semmens,	Beidleman,
Endsley,	McConnell,	Smith, R. E.,	Pres. pro tem.
Graff, W. P.,	McKee,	Snyder,	

NAYS—0.

Two-thirds of all the Senators having voted "aye" the question was determined in the affirmative.

Ordered, That the Clerk inform the House of Representatives accordingly.

NAYS—4.

Chestnut,	McPeake,	Robertson,	Vickerman,

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk present the same to the Senate for concurrence.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 1609, entitled

An Act to amend further section twenty-one of an act approved the first day of June one thousand eight hundred eighty-nine entitled "A Further Supplement of an act entitled 'An Act to provide revenue by taxation,' approved the seventh day of June Anno Domini one thousand eight hundred and seventy-nine" by regulating the taxing of laundering and manufacturing companies.

On the question,

Will the House agree to the bill on third reading?

Mr. JAMES O. CAMPBELL. Mr. Speaker, this bill is an amendment to the corporation tax act of 1879, providing for a five mill tax upon the value of the capital stock of corporations, and providing for an exception as to the amount of the value of capital stock actually employed in manufacturing, and providing further for an exception under that exception which provides that the capital stock of brewing and distilling companies should be liable to that tax of five mills. So the situation was that all corporations should pay five mills tax on the value of their capital stock except those corporations which were engaged in laundering or manufacturing, but, however, including within the class upon which the tax was levied those corporations engaged in the brewing and distilling of spirits or malt liquors.

Now, this amendment strikes out the prohibition within that former act and provides that corporations engaged in manufacturing and laundering shall pay for the first year one mill tax upon the value of their capital stock actually engaged in manufacturing, the second year two mills and so on up each year until they shall pay a five mill tax. So we have two propositions involved here; one as to whether we shall increase the tax on the value of capital stock engaged in manufacturing gradually up to the point of five mills; the other proposition we have involved is whether we shall eliminate the requirements that exist at the present time upon the corporations organized for the purpose of brewing or distilling spirits or malt liquors from paying that five mills tax at the present time.

As to the first proposition, we have had two bills in the House providing for a tax upon the capitol stock of corporations engaged in manufacturing, one of which was passed and is now pending in the Senate upon which a public hearing was held yesterday, against which the manufacturing organizations of the State have protested and that is a protest against a one mill tax. This is a proposition to levy ultimately a five mill tax. My opinion is that that cannot pass. It will pass this House, but it cannot pass the Senate. That, of course, is only an opinion. I do not believe that at this time whether we should subsequently or not, that at this time we should levy a five mill tax or make an increasing provision for a five mill tax upon the manufacturing corporations.

Upon the second proposition, I do not believe it is very far reaching but I see no reason why this House should relieve those corporations which happen to be engaged in the distilling of malt or brewed liquors from paying the five mill tax which they now pay. A corporation is supposed to pay this State tax because of the benefits that accrue from that corporation from its charter and there is no sufficient reason that I know why the companies engaged in brewing or distilling of spirits or malt liquors should be relieved from paying for the species of immunity and protection that the State gives them when it gives them their charters. I think the bill should be defeated.

Mr. WALLACE. Mr. Speaker and gentlemen of the House, I think the gentleman frob Butler County is in error in one statement which he made. I believe the brewers and distillers in Pennsylvania now pay ten mills tax. Now, if we pass this bill we should understand that we will be reducing the tax on corporations engaged in brewing and distilling intoxicating liquors. Now, does anybody want to do that at this paritcular time?

This is an amendment to the act exempting laundry companies and manufacturing corporations and it has incorporated in it such provisions as will reduce the tax on brewers and distillers and instead of being a present revenue raising proposition it will reduce revenues. We have passed a number of salary raising bills in this General Assembly; we have got to have some money to pay those salaries, so we had better think twice before we pass this ball in its present condition. There is a dangerous provision in here, and I don't believe anybody wants to reduce almost to the minimum the tax which brewers and distillers now pay. They are now paying ten mills tax and don't let us put it down to the minimum as this bill will do.

Mr. J. O. CAMPBELL. Mr. Speaker, I would like to answer the suggestion from the gentleman from Lawrence, Mr. Wallace, that I am mistaken in the statements. He is evidently referring to the Act of 1897 which makes a special class for taxation purposes of companies organized and incorporated for the purpose of distilling liquors and selling same at wholesale. That class pays ten mills and that is a class distinctly for distilling liquors. The provisions of the Act of 1879 includes those companies so that we have two classes, as I understand and the brewing companies are paying a five mill tax on the value of their capital stock and the distilling companies are paying a ten mill tax.

Will the House agree to the bill on third reading?

It was agreed to.

COMMUNICATION FROM THE GOVERNOR.

The Private Secretary of the Governor being introduced, presented a communication in writing from His Excellency, the Governor, which was read as follows:

VETO OF HOUSE BILL NO. 1288.

Commonwealth of Pennsylvania
Executive Chamber, Harrisburg, June 7, 1917.

To the Honorable, the House of Representatives of the Commonwealth of Pennsylvania

Gentlemen: I return herewith, without my approval House Bill No. 1288, entitled "An Act to reimburse certain counties for rewards and bounties heretofore paid by such counties in good faith for the destruction of noxious animals and birds and directing the Auditor General to draw his warrant for the payment of the same."

This bill validates claims of the several counties for bounties or rewards heretofore paid by such counties and for which reimbursement was refused by the Auditor General on account of omissions, defects, errors or irregularities of the proofs of such claims. The Auditor General is directed to issue warrants to the State Treasurer for the payment of these claims, denying only those that are proven fraudulent.

The amount involved is upward of $80,000 and is to be paid from the Hunters' License Fund in the State Treasury. The State Game Commission and the Secretary thereof are strenuously opposed to this bill. They insist that the Commonwealth should not be penalized for the neglect or carelessness of local officials. They point out that gross fraud was perpetrated and that most of this money is not due any one for killing noxious animals but that by connivance of local officials with irresponsible trappers and hunters or by the most flagrant carelessness these bounties were irregularly paid.

The whole affair was so acutely scandalous that in 1915 a law was enacted and put in operation to end the abuse and robbery. Under this Act of 1915 the amounts allotted for this purpose dropped about 300 per cent., an evidence not of the decrease of real claims but of honest service as against dishonest and careless service prior thereto.

County Commissioners have their remedy through proceedings against the people who have made these claims and the local magistrates who granted improper warrants. The people also have their remedy against the officials who have negligently or carelessly paid such claims.

In some cases unquestionably the claims are proper and the payments should be made. But it is not wise to direct the Auditor General to pay all these claims when locally no effort has been made to verify them. I suggest that this matter be made subject of careful inquiry and local investigation by the responsible local authorities for the purpose of arriving at the next meeting of the Assembly at a basis of adjustment that will recognize and pay the just claims which no doubt this bill sought to cover but did not take into account the whole situation.

For these reasons this bill is not approved.

COMMUNICATION FROM THE GOVERNOR.

The Private Secretary of the Governor being introduced, presented a communication in writing from His Excellency the Governor, which was read as follows:

IN REFERENCE TO VETO OF HOUSE BILL NO. 1288.

Commonwealth of Pennsylvania,
Executive Chamber, Harrisburg, June 13, 1917.

To the Honorable, the House of Representatives of the Commonwealth of Pennsylvania.

Gentlemen:

On June 7, 1917, I returned to your honorable body without my approval House Bill No. 1288, entitled "An Act to reimburse certain counties for rewards and bounties heretofore paid by such counties in good faith for the destruction of noxious animals and birds and directing the Auditor General to draw his warrant for the payment of the same."

I made my veto in all good conscience, basing it upon definite and as I believed dependable data submitted to me by informed officials. Since that time in full conference and upon searching inquiry I am led to believe that the charges of fraud and deception in these cases have been greatly overstated, that there is really no evidence now of such frauds, that the counties concerned are really entitled to reimbursement in the absence of proven fraud, and that the Bill was passed in all good faith by conscientious men who desire only to do justly by Commonwealth and County.

Under these circumstances it is but proper that I lay these facts before you and request you, if you are like minded with me, to pass this Bill, No. 1288, over the veto of the Executive.

MARTIN G. BRUMBAUGH

An Act to amend section five of an act approved the fifth day of May one thousand nine hundred and eleven entitled "An Act to fix the salaries of the judges of the Supreme Court the judges of the Superior Court the judges of the courts of common pleas and the judges of the orphans' courts"

Section 1 Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same That section five of an act approved the fifth day of May one thousand nine hundred and eleven (Pamphlet Laws one hundred eighty-two) entitled "An Act to fix the salaries of the judges of the Supreme Court the judges of the Superior Court the judges of the Courts of Common Pleas and the judges of the Orphans' Courts" which reads as follows

"Section 5 The annual salary of each of the judges of the courts of common pleas learned in the law in judicial districts having a population of two hundred and fifty thousand (250,000) and less than five hundred thousand (500,000) shall be eight thousand five hundred dollars ($8,500) in judicial districts having a population of ninety thousand (90,000) and less than two hundred and fifty thousand (250,000) the annual salary of each of the judges of the courts of common pleas learned in the law shall be seven thousand dollars ($7,000) in judicial districts having a population of less than ninety thousand (90,000) the annual salary of each of the judges of the courts of common pleas learned in the law shall be six thousand dollars ($6,000) but each of the judges of the court of common pleas of Dauphin county shall receive two thousand dollars ($2,000) additional for trying the Commonwealth's civil cases" be amended to read as follows

Section 5 The annual salary of each of the judges of the courts of common pleas learned in the law in judicial districts having a population of two hundred thousand (200,000) and less than five hundred thousand (500,000) shall be eight thousand five hundred dollars ($8,500) in judicial districts having a population of one hundred forty thousand (140,000) and less than two hundred thousand (200,000) the annual salary of each of the judges of the court of common pleas learned in the law shall be eight thousand dollars ($8,000) In judicial districts having a population of ninety thousand (90,000) and less than one hundred forty thousand (140,000) the annual salary of each of the judges of the court of common pleas learned in the law shall be seven thousand dollars ($7,000) in judicial districts having a population of less than ninety thousand (90,000) the annual salary of each of the judges of the courts of common pleas learned n the law shall be six thousand dollars ($6,000) but each of the judges of the court of common pleas of Dauphin county shall receive four thousand dollars ($4,000) additional for trying the Commonwealth's civil cases

On the question,

Will the House adopt the report of the Committee of Conference?

Mr. BLACK. Mr. Speaker, as I understand this conference report it raises the salary of the judges of Dauphin County two thousand dollars for trying State cases, which makes it four thousand dollars for that purpose. I am perfectly agreeable to that and believe it should be given, but within three years the next census will be taken and it will add another thousand dollars to the judges' salary which will make a total of twelve thousand dollars and for that reason I am going to vote "no."

Mr. SNYDER. Mr. Speaker and gentlemen of the House, this raises the salary of the judges in Westmorland County from seven thousand dollars to eight thousand five hundred dollars. I said to you sometime ago that we had the same kind of lawyers in Westmorland County that he have in other counties, and that I did not know a lawyer in Westmorland county that would not take that job at seven thousand dollars, and I see no reason why this salary should be raised from seven thousand to eight thousand five hundred dollars. It is merely a salary raiser. Perhaps somebody would be glad to take that eight thousand five hundred dollars, but there is no reason for it, as seven thousand dollars is an ample figure for any judge in my county and I do not see why this bill should pass. I ask you members to vote against it.

Mr. BOUTON. Mr. Speaker and gentlemen of the House, the question as to whether any particular lawyer is willing to accept that position at that salary is not the question at issue in this matter. It is simply a question as to whether or not the salary as at present fixed is adequate for the service that is rendered. In my opinion it certainly is not. The business in Westmorland County and in other counties that are affected by this bill has certainly increased anywhere from ten to thirty per cent. since the salaries were originally fixed; especially in Westmoreland County the business has increased very rapidly since the original passage of the Act of 1911.

It is necessary in order to get men who are competent to fill this position to pay them a salary that they are entitled to, a salary that they are able to earn. Many men have been offered the position of judge who felt that they were unable to accept it by reason of the fact that if they did it would be a distinct loss to do so. I have in mind one man on the northern tier who was elected to that office and in a short time resigned for the simple reason that he was able to make about four times as much as the salary that was provided by law. Now then, we do not want men of the lower ranks of the profession. We want the very best that there are and in order to get them we must pay them a decent, reasonable, fair salary. The salary that was fixed in 1911 may perhaps have been adequate at that time but we must realize that the conditions that exist now are not the conditions that existed in 1911. Ten thousand dollars in 1911 or seven thousand dollars in 1911 may perhaps have been adequate at that time but it is not adequate now; conditions have changed; where it costs a man we will say five dollars or three dollars a day to live at that time the cost of living now has doubled and therefore it is necessary to keep pace with the present conditions.

Mr. HORNE. Mr. Speaker, I believe this bill is uncalled for. Our judges are fairly well paid, and while this, of course, would not amount to a large sum of money, to start with, but as the counties advance in population it would mean a tremendous addition in the cost to the county of Cambria, the county I come from, and I also don't believe that the people want it. I think it would be adding to our cost in this State something which is not called for and I ask you to vote against it.

Mr. WILLIAM DAVIS. Mr. Speaker, this bill affects but seven counties in the State of Pennsylvania and Cambria county is one of them. We have today a population of two hundred thousand people. We have two judges, and under the Constitution of this State we are entitled to have three, but we have never asked this House to pass a bill granting us an additional judge, although it would be constitutional; it would be our constitutional right and we would be entitled to an additional judge. Consequently, two judges of our county, in Cambria are doing all the work. I am a member of the Bar and have been for twenty-five years and I know something about what the courts in our county are doing. They are there in Court, and when not in session, in Chambers from five to six days in a week, doing the work for the Cambria County manufacturing and mining district receiving the paltry sum of seven thousand dollars which, since the bill passed in 1911, and as our friend has stated, there have been a great many changes since 1911. I regret to hear a man speak about the salary or compensation that should be paid as to an alderman, who does not know anything more about the work of our courts than a school teacher; I regret to hear such a statement from the rear of this room; a man who puts up his judgment as to what the salary of a judge ought to be. We have two men on the Bench in Cambria County; and one on each side; one a Republican and one a Democrat. They move in harmony and they work together and they have all they can do. They are the men selected by the people of our county. Mr. Speaker, these men gave up a practice of twice their salary and if you should say, why don't they resign? Resign, yes and elect cheaper men; these alderman in Johnstown where my friend from Johnstown comes from would accept these judgeships, but who asks to elect alderman to the judge-

ship of our county? No, we want broader men; we want men with a knowledge of law and as a matter of justice. This bill passed the Senate and we are only asking for a concurrence in the bill and that you pass it now, in all justice I will ask you to use your best judgment and support this measure.

Mr. SNYDER. Mr. Speaker, I desire to interrogate the gentleman from Cambria, Mr. William Davis.

The SPEAKER. Will the gentleman from Cambria, Mr. William Davis, permit himself to be interrogated?

Mr. WILLIAM DAVIS. Mr. Speaker, yes sir.

Mr. SNYDER. Mr. Speaker, I would like to ask the gentleman from Cambria, Mr. Davis, if they don't have two of the best members of the Bar acting as judges in Cambria County?

Mr. WILLIAM DAVIS. We have two of the best judges in the State of Pennsylvania.

Mr. SNYDER. Are they not perfectly willing to serve at a salary of seven thousand dollars a year?

Mr. WILLIAM DAVIS. They have to serve because the law says so. They have been elected since the Act of 1911. There have been great changes in our county and a large increase in the population. If you will look at the census of 1900 and 1910 you will notice a large increase in our county and that it is more or greater than in any county in the State of Pennsylvania.

Mr. SNYDER. I ask the gentleman a question and I didn't ask him to make a speech.

Mr. WILLIAM DAVIS. You heard what I said.

Mr. SNYDER. I will repeat and ask, are those two judges in Cambria County not perfectly willing to serve at a salary of seven thousand dollars a year?

Mr. WILLIAM DAVIS. If they are not satisfied with their salary they would be justified in resigning.

Mr. SNYDER. Are not these men anxious to go on in the capacity of judges in your county?

Mr. WILLIAM DAVIS. I was anxious to get twenty-five dollars a month at one time but there have been changes. In reply to what Mr. Snyder has asked, I will ask you gentlemen to look at the census and you will find that in the ten year period between the census when taken that the increase in population in our county was 57.7 per cent. We are not an alderman county nor justice of the peace county. We are one of the largest counties in the State of Pennsylvania.

Mr. HORNE. Mr. Speaker, I am aware that these lawyers are very able members of the Bar, but there are a number of judges who are serving at five thousand or six thousand dollars a year. I know of very good men who are willing to serve at this salary. I believe today that these men are candidates for the next election, and I believe that there are many lawyers in Cambria County who would be glad to take this judgeship at the salary which is now being paid, and while I am a neighbor of one of them, and on exceedingly good terms with him and while it would be very nice for me to favor this bill, I am not willing to do so because it is not justified.

Mr. WILLIAM DAVIS. Mr. Speaker, I would like to interrogate the gentleman from Cambria, Mr. Horne.

The SPEAKER. Will the gentleman from Cambria, Mr. Horne, permit himself to be interrogated?

Mr. HORNE. Mr. Speaker, yes sir.

Mr. WILLIAM DAVIS. Have you consulted with the judges of Cambria County?

Mr. HORNE. I have not and they have not consulted with me.

Mr. WILLIAM DAVIS. Do you know their opinion?

Mr. HORNE. I do not.

Mr. WILLIAM DAVIS. You don't know what you are talking about, do you?

Mr. WALLACE. Mr. Speaker, I did not intend to say anything on this question, but I think we ought to be fair to the members of this House. Every man here has a right to his own opinion, whether it agrees with those that are directly interested or not. This is not a time to insult any man because he happens to sit in the back row of this House. We are proud of him. Mr. Speaker, do you know that if this bill passes the judges of Dauphin County will get more salary than the judges of Allegheny County. It is all bosh to say that we do not have lawyers in this State that would accept the job of judge when it is given to them. It is not a question of salary. It is a question of the high honor that goes with the office. It is very true that there are a lot of high paid corporation lawyers in this State who, if they went on the Bench, would have to give up more than they make in their salaries, but that is not always the kind of men that we want on our benches. I think this bill is unfair; it is unfair for this reason: I never could see why a judge that happens to hold court in a big county should have more than a judge that holds court in a small county. In a large county there will be two or three judges to do the work, while in a small county there will be only one, and in many instances he has to work harder and almost works himself to death. It is a false idea to say that we must pay a man a great big salary because he happens to hold court in a large county. It is folly.

I can show you men out in the western part of the state who are sitting on the bench, who are just as good judges and have just as good records as any judges in this Commonwealth, and who are worked, and worked very hard by reason of the fact that there is only one judge that presides over all the courts, if you please, in those counties. Now let us get down to a reasonable basis. You may say that this is really none of my business, because this bill does not effect my county, but I want to say to you, anything that affects the courts of this Commonwealth, is of interest to me, and is my business as long as I am a citizen of the state, and as long as I am a practioner in the Supreme Court of this Commonwealth.

The gentleman from Dauphin County is exactly right, Mr. Speaker, when he says that it is unfair to add $4,000 to the salary of the judges of Harrisburg for trying Commonwealth cases when the next census in all probability will add another $1,000 to their salaries, and pay them $12,000. We know, Mr. Speaker, that the judges of Harrisburg do not have any more work to do with all the Commonwealth cases added than a number of the judges in the smaller counties of this state who have all the business of that county to do.

Now here is another thing that we are going to meet in this Commonwealth, and we are going to meet it very soon, and that is the fact that we have got to have more judges in order to take care of the business of this Commonwealth, and in order that the people who have business in the courts will not have their business delayed so long that justice will be denied them. Now we cannot add more judges and take care of the business of this Commonwealth, take care of the citizenship of this Commonwealth, if we spend all our money in adding to the salaries of the judges that we now have. I am not opposed to giving the gentleman, Mr. Davis, an additional judge, whenever he can show us that he needs it, but we are not voting for such a bill. I am opposed to paying to his judges more than they ought to have because they are not entitled to any more than the judges of my county who preside over all of the courts and work just as hard as any judges in this Commonwealth. Mr. Speaker, this bill came into this House and the sponsser of this bill disowned it after it was doctored up and changed so that he himself stated on the floor of this House that he could not recognize it as his own child. Mr. Speaker, let us get down to real justice and the merits of this proposition and vote it down.

Mr. WILLIAM DAVIS. Mr. Speaker, the gentleman has made the assertion that Allegheny County is not receiving, or cannot receive the same salary as the judges of Dauphin County would receive. Now when did Allegheny County become greater than the Commonwealth of Pennsylvania? Dauphin County has two judges that try cases for the Commonwealth of Pennsylvania, in addition to the cases of Dauphin County. I think there is nothing more or less than jealousy in the remarks made by the gentleman, and I do not consider that they have much weight. Compare the population of Dauphin County, with two judges, with that of Allegheny County, with their twenty judges, and the amount of work that those courts do and I do not feel that there is any weight in that argument. Compare, if you please, the work done in our county of 200,000 population with only two judges, with Allegheny County and her judges.

On the question recurring,

Will the House adopt the report of the Committtee of Conference?

Agreeably to the provisions of the Constitution, the yeas and nays were taken.

Mr. HORNE. Mr. Speaker, I ask for a verification of the roll.

The roll was verified and was as follows:

BILLS ON FINAL PASSAGE.

Mr. KENNEDY. Mr. Speaker, I desire to call up from page 14 of to-day's calendar, bills on final passage postponed, House Bill No. 1353, File Folio 5681.

Agreeably to order,
The House resumed the consideration on final passage of House Bill No. 1353, entitled

An Act amending an act entitled "An Act for the division of Townships upon the application of the owners of twenty-five per centum of the assessed valuation of the real estate thereof and prescribing the manner of holding an election upon the question of division and declaring any proceeding for a division under former laws to be no bar to a proceeding under this act."

On the question,
Shall the bill pass finally?

Mr. POWELL. Mr. Speaker and gentlemen of the House, the bill now before you requires, I believe, your deepest consideration. The bill provides that where forty per cent. of the taxable owners of a township make an appeal to the court to divide a township, and then the court giving that order for an election—this bill provides that where a majority of the voters of the districts affected would vote to divide the township, the township then would become divided. As an illustration, we could draw a line and ten or more taxables would own forty per cent. of the valuation of this so-called township, but then that forty per cent. holding would have say, fifty or one hundred voters, where in the other district you would have a thousand voters. This bill provides that where there are a majority of the voters desiring to split this district that the district be so divided. If you look this bill over carefully I don't think you would like it to pass. I might say that this bill has been on the postponed calendar for upwards of a month.

Mr. DITHRICH. Mr. Speaker, I am somewhat surprised that any objection should be made to this bill. About the only possible objection I can see is that perhaps a wealthy township might interfere in opposition. I know of townships so constituted that a number of people who are backward and not at all progressive have been barring improvements that are sought by the other property owners in the township and they cannot force them to vote with them for it, and the only solution of the whole problem is to permit divisions of townships of that sort. That is what this bill allows. You will find that it requires a petition of the owners of twenty-five per cent. of the assessed taxable property in the township to petition the court. The court then directs the lines on which the division is to be made and if the majority thereof so decide then the division will be made; otherwise it will be the same as if no action had been taken.

Mr. STITES. Mr. Speaker, I think my good friend from Allegheny need not be surprised if there should be opposition to this bill. It provides that where people want a division they should take a vote and if the majority of the voters want the division all right. This bill provides for a majority of the voters, and if they are for the division wanted then the division must take place. It does not require that a majority of them in the proposed division shall signify their assent, but if a majority in either of the divisions. In other words, if in any division there was a large majority that didn't want it and a bare majority in the other division should require a division of the whole thing. I would be perfectly satisfied if my good friend had provided in his bill that if a majority of all of the voters to divide were in favor of it such a division should be made. It seems to me that a majority of the voters in any township ought not to be conclusive on the voters of the other branch. I am obliged, reluctantly, to vote against the bill for that reason.

On the question recurring,
Shall the bill pass finally?

RECONSIDERATION OF VOTE ON HOUSE BILL NO. 1711.

Mr. BENNINGER. Mr. Speaker, I move that the vote by which House Bill No. 1711, File Folio 6117, entitled

An Act for the protection of owners and tenants of cultivated lands from damage by deer and permitting the killing of such deer and the use of the carcass thereof under certain restrictions.

was defeated on June 7, be reconsidered.

On the question,

Will the House agre to the motion?

Mr. MILLIRON. Mr. Speaker and gentlemen of the House, in connection with what I said on this subject a few days ago when this bill was before us for consideration, I want to add this: That after talking to the members of the Game Commission located here at the Capital, they informed me that this is true; that some time ago, I am not positive whether it was last year or the year before, when these complaints came in from Adams County that the deer were destroying the fruit trees in that section, that they immediately investigated the same. They felt that they needed to give what protection they could to those good people in Adams County, and they built an arrangement for trapping these deer. The device I cannot describe, but it was made by means of getting the deer inside of an enclosure. In order to have the deer go into these enclosures, they took alfalfa and sprinkled it around where these deer were supposed to have been, and kept putting it closer and closer to this trap or this enclosure, and then inside, so that when the deer discovered this they would go into this enclosure and they could then be trapped and sent to other parts of the State which would save thousands of dollars in bringing deer from Canada or Maine or from other sections. After this was done, and they visited the traps, they found this to be true, so they said to me, that hay and alfalfa was scattered in piles all over that section, I believe the Seven Mountains, it was in Admas County, in the surrounding country where these deer were complained of, so the deer would not go into these enclosures, proving, and which ought to prove to the satisfaction of every member of this House, that those people did not want to get rid of those deer, but they wanted to pass a law that will enable them to eat apple sauce and deer meat at the same time. I believe it is fair to the members of the House to know this which comes direct from the Game Commission within the last week.

Mr. RUDISILL. Mr. Speaker, I would like to interrogate the gentleman from Armstrong.

The SPEAKER. Will the gentleman from Armstrong, Mr. Milliron, permit himself to be interrogated?

Mr. MILLIRON. Mr. Speaker, with pleasure.

Mr. RUDISILL. Mr. Speaker, will the gentleman please inform the House how many deer were captured in those traps.

Mr. MILLIRON. Mr. Speaker, I thought I made that plain, if I did not I will repeat it. That the Game Commission found hay and alfalfa scattered over this mountain side and the deer did not go in, that is what I wanted to make clear to you.

Mr. RUDISILL. Mr. Speaker, was that on the Seven Mountains?

Mr. MILLIRON. I believe they said Seven Mountains. I cannot say positively whether it was Seven Mountains or several mountains, it may have been five and a half or six and a half.

Mr. RUDISILL. Mr. Speaker, I have lived in Adams County all my life and I never heard of the Seven Mountains.

This is one of the best fish stories I have heard here this session. I have been told that the Game Code provides for the protection of the farmers in that section. You might as well pass a law to punish a man when you catch him committing a theft and only then, as to give them a right to kill the deer only when they actually catch them doing the damage, because most of this damage is done after night. According to the Game Code, a farmer might go out in the morning and there see the deer at the edge of his field. They might have destroyed hundreds of trees for him, but he would not dare to go in the timber or molest the deer. That section in the deer code is only a joker. Anyone familiar with the deer, the life of the deer, knows that is only a joker, and that was only put into that Game Code to head off this bill. If the members of this House think that only the hunters are entitled to consideration, why vote this bill down. If you think the farmers who toil year in and year out, raising grain, and raising fruit to feed the people of this land, are entitled to protection, then give this protection. There is no danger in this bill. They must report to the Secretary of the Game Commission and after making an investigation be granted a permit. I only ask you to be fair to the farmers and pass this bill.

Mr. RICH. Mr. Speaker, this bill reads at present that the carcas of any deer is to be kept by the party that shoots the deer. I believe as it is that it will be a very great temptation for any one, if they have the privilege of this bill, to shoot the deer whether they ought to or not, they are very likely to do it. I believe if this bill were amended so that the carcass was to go to a hospital or some eleemosynary institution that this temptation would be taken

away, and I believe that it would then be a good bill. If it were so amended I would support the bill, but as it is I cannot do so.

Mr. LANIUS. Mr. Speaker, I would ask then that the gentleman from Adams be given an opportunity to make this amendment, and that the vote by which this bill passed third reading be reconsidered in order that any change deemed advisable might be made. I think it is a meritorious bill, and I think that the gentleman should be given a fair and square deal.

Mr. MILLIRON. Mr. Speaker, I again want to call the attention of the members of the House to the fact that the Game Code provides for the same thing that this bill would provide for if it were amended. I also want to correct myself with regard to the name of that mountain. They tell me that it is the Blue Mountain, and I stand corrected on that one point. I am also further informed by the same gentleman who gave me the information as to the name of the mountain, that while the gentleman from Adams may not have any faith in the Game Commission and may not take their statements for it, a member of the House told me since I was on the floor a few moments ago that the people are absolutely opposed to the Game Commission trapping deer and taking them out of the county. I would ask you to vote this motion down.

On the question recurring,

Will the House agree to the motion?

The SPEAKER declared the "noes" appeared to have it.

Whereupon, a division was called for, and sixty-eight gentlemen having voted in the affirmative and sixty in the negative, the question was determined in the affirmative, and the motion was agreed to.

On the question recurring,

Shall the bill pass finally?

Mr. RICH. Mr. Speaker, I move that further consideration of this bill be postponed for the present.

Mr. McKINNEY. Mr. Speaker, I second the motion.

The motion was not agreed to.

On the question recurring,

Shall the bill pass finally?

Mr. PHILLIPS. Mr. Speaker and gentlemen of the House, you have by your own act in 1915 and in 1917 said what you shall do and what you can do and what you cannot do in reference to the hunting or distribution or propogation of game. The hunters in the State of Pennsylvania provide three hundred thousand dollars each year for the propogation and protection of game in the woods and forests of the State of Pennsylvania. You have also said on the other hand that there are certain times in which you may take this game, and you have specified what you can take, when you can take it, and where. If you pass this act, you open the doors to the hunting of deer in every month of the year. It encourages anybody to go out and kill a deer, whether in season or out of season, and in these times of the high cost of living most anybody would like to have a venison steak on his table. This permission to kill deer can be had by the act of making a complaint. Section 2 of this proposed act says that when any complaint is made to the Game Commission that they then have the permission to go and kill this deer, or any deer that is within a mile of where any damage has been done. When they make that complaint to the Game Commission they can kill the deer that is within one mile of the place, and in some instances they might get the deer to come in there by feeding them. This surely is a bad and vicious piece of legislation. Let us uphold what we have tried to do in 1915 and in the former part of this session, and take care of the sportsmen in this State. There is a way of getting rid of this deer, and a proper way. In Northampton or in Northumberland County, not over a week ago, the deer came in there and destroyed the property of a man, and the man shot it on the ground, and the court upheld him. That will stand in the State of Pennsylvania, I understand. If that is true, why then pass this act of the Legislature, which will allow anybody to kill a deer at any time? I ask you, gentlemen of the House, to vote this bill down.

Mr. SHOWALTER. Mr. Speaker, I can see no use in garbling the truth about this bill. Let us understand fully what the bill provides. According to what the gentleman from Clearfield has said, you would infer that merely upon complaint to the Game Commission, that you would then have the privilege of killing the deer. That is not the fact. This bill provides that when a complaint is made to the Game Commission, that the Game Commission then investigates the complaint, and if the complaint is well founded, it shall then issue a permit to kill the deer. No deer can be killed under the provisions of this act until a permit has been issued by the Game Commission.

Mr. PHILLIPS. Mr. Speaker, in answer to that, that is what I intended to infer, if I misstated that. All there is in it is to make a complaint to the Game Commission and they go and see where the deer has tramped in the wheat field. That is sufficient for the man to kill a deer within a mile of his property.

On the question recurring,

Shall the bill pass finally?

NAYS—0.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk present the same to the Senate for concurrence.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 1681, entitled

An Act to provide that notice, whenever required by law in connection with the formation, amendment, increase or reduction of capital stock, conduct of business, merger, transfer of franchises, or dissolution of corporations, joint stock companies, limited partnerships or partnership associations; or required in connection with proceedings before the Public Service Commission or Water Supply Commission of the Commonwealth of Pennsylvania; or required to be given by any department, board, board of trustee, public official or commission of this Commonwealth, shall, in addition to the publication now or hereafter required, be also published in a periodical issued at the capital city of this Commonwealth; providing for the designation of such periodical and providing against the charging of excessive rates for the publication of such notices.

On the question,

Will the House agree to the bill on third reading?

Mr. STERN. Mr. Speaker, I would like to have the sponsor of this bill explain it.

Mr. EBY. Mr. Speaker, the object of this bill is to disseminate news to those who want news regarding the letting of contracts in State work. There has been much said pro and con regarding this bill and myself as sponsor of the bill. Every member of this House has received some communication on it. They have received positive instructions from different sources that it should be defeated. I want to say to you, Sirs, that it is not the intention of the sponsor of this bill to put anything across, nor do I know of any snake being in this bill. My sole intention in introducing this bill at this time is that the public generally shall be informed as to matters pertaining to our State's Government. This does not work a hardship upon any newspaper in the city. As it is now when a contract is let out by any Secretary or Commission of this State the law requires that two publications shall be made in the county where the contract is to be fulfilled. The State, as it now performs that function, advertises not only in those two papers but in three papers of the City of Harrisburg. I declare that it is a revenue raiser in this State; it would save the difference between three and two papers. It is entirely for that purpose. In correspondence that I have here I have letters from nineteen states among them Wisconsin, Colorado, Georgia, Illinois, Kansas, Kentucky, Louisiana, Indiana, Maine, Massachusetts, Michigan, Mississippi, Missouri, Montana, Nevada, North Carolina, Florida, South Carolina and New York are the States I have on my desk.

I would advise you that there is an official paper published in this city; it is published by a private corporation and not by the State. These other States have seen the necessity of publicity along the lines of advertising, where contracts are to be given. There is no reason, in my mind, why we should squabble or quibble because some person back in the woods may not want a bill of this kind. Gentlemen I know that you will agree with me that there should be more publicity. I know within the range of my own short experience here, where a contract was let which was not let strictly according to Hoyle, although it was according to the letter of the law. The contractor that failed to receive the contract told me at the time, if we had a central organ of publication or an official organ, he could subscribe for a paper of that kind, and could get all of the information that he wanted and could do away with the person that now he must keep at Harrisburg to keep in touch with conditions in order that he may get contracts. I want to assure you gentlemen that I have no interest in any newspaper nor am I acquainted with the persons publishing any newspapers. I know Mr. McCormick, I have met Mr. Stackpole. I do not know the gentleman Hull, whom I have been connected with, nor has Senator Beidleman had anything to do with this measure. I have not been in contact with anybody. I think this a good measure. I want to say further that this to my judgment would work no hardship on anyone except the corporations. A corporation that comes here to incorporate itself would be directed to insert their advertisements of incorporation in this particular paper. That would mean gentlemen of the House that no exhorbitant price would be charged for these insertions of this advertisement. There can be no monopoly from an advertising standpoint so far as excessive rates are concerned, and it will be in the hands of the Secretary of the Commonwealth.

Mr. STERN. Mr. Speaker, I accept the gentleman's apology, an absolve him from any connection with the newspapers in the State of Pennsylvania. I know that he is not personally interested in this bill from any such standpoint, but I am opposed to this bill on general principles. This bill if enacted into law would prove a vicious measure, because under the law at the present time as stated by the sponsor for this bill advertisements are required to be placed in two newspapers in the county. Under this bill an additional advertisement would be required in the Capital City, which of course means Harrisburg, in a certain designated paper. I believe there is only one paper of that kind that is published in this Capital City at this time. I believe it is called the State Reporter, or the Departmental Reports. Corporations, or firms, or people who have franchises, desiring to make any change in their by-laws, or who apply for a charter or have any necessity for advertising would be compelled to advertise in this paper in the Capital City in addition to the advertisement now required by law. This would put an additional burden, in the matter of expenses, on those people without giving them the same return or without giving them any return for the expenditure

of that money. If for instance, Mr. Speaker, a corporation in Punxsutawney, or a corporation in West Chester, desired to change the terms of its charter, or desired to change its annual meeting from the first Monday in May to the second Monday in May, it would be required under this act to advertise that fact, or any other such fact that they might be required to have advertised, in the paper in the Capital City, because as I pointed out there is only one paper. I think Mr. Speaker, that the House would do well to vote this measure down.

Mr. EBY. Mr. Speaker, I am not surprised that my colleague from Philadelphia takes exception to a measure of this kind. I want you to understand Mr. Speaker and gentlemen of the House that if there is a stock company in our State, if there is a corporation within the bounds of our State that cannot afford to disseminate and give news to the public that they are deserving of, then it seems to me that it is time for a few of those stock companies and corporations to go out of existence. If that is the only reason that can be advanced for the defeat of this bill by my colleague from Philadelphia, I think, sir, that we ought to pass it unanimously. The burden of expense which would be imposed is not unjust, figure it out for yourselves. There is nothing vicious in this measure that I see, Mr. Speaker. It appears to me, sir, that it is really a revenue raised for the State. If it is possible for us to disseminate news, if it is possible for us to put into the hands of these advertisers a medium of this kind we ought to do it. It seems to me that the State must have money, and we must provide revenue raisers for the State, and this is one way of saving money for the State. So far as the gentleman's argument is concerned, why this is not an additional burden of tax for advertising to be paid by the State. It is simply to have this advertisement inserted in one instead of three newspapers in the Capital City.

Mr. WALTER. Mr. Speaker, I desire to interrogate the gentleman from Perry, Mr. Eby.

The SPEAKER. Will the gentleman from Perry, Mr. Eby, permit himself to be interrogated?

Mr. EBY. Yes sir, Mr. Speaker.

Mr. WALTER. Mr. Speaker, I desire to ask the gentleman from Perry what particular publication there is in Harrisburg that meets the description in this bill, and what the subscription price of the same is.

Mr. EBY. Mr. Speaker, the gentleman's question was answered by the gentleman from Philadelphia who referred to a publication which has never yet been put into my hands. I have been informed that the subscription is $26.00 a year. If that should be the publication. decided upon by the Secretary of the Commonwealth, sir, instead of $26.00, the publication would be placed within easy access of everybody. I want to say sir, if you will permit me Mr. Speaker, that I had occasion to come to Harrisburg on numerous occasions to get information from the different departments, which information is published in that paper which has been referred to, for a friend of mine, because the person admitted that he could not afford to pay $26.00 a year for the paper. What the subscription price of the periodical would be made by the Secretary of the Commonwealth per year I do not know, but whatever the price might me, it would be considerably less than $26.00 a year, and within easy reach of anybody who is interested.

On the question recurring,

Will the House agree to the bill on third reading?

It was agreed to.

And said bill having been read at length the first time,

Ordered, To be laid aside for second reading.

The first one is House Bill No. 895, Mr. Baker's bill, and he is not present; the next one, House Bill No. 1459, Mr. Geary's bill, and he is not present; the next one, House Bill No. 1703, is Mr. Stern's bill and as he is present it will now be taken up.

BILL ON FINAL PASSAGE.

Agreeably to order,

The House proceeded to the consideration on final passage of House Bill No. 1703, as follows:

An Act to prohibit the possession sale or gift of nitroglycerin dynamite gun powder blasting powder or other explosives by unlicensed persons regulating the issuing of licenses therefore and providing penalties for the violation hereof Section 1 Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same That it shall be unlawful for any person firm or corporation within this Commonwealth to have possession or custody of or to sell or give away any nitrogylcerin dynamite gun powder blasting powder or other explosives unless such person firm or corporation having possession or custody thereof shall be licensed as hereinafter provided and in case of sale or gift unless such person firm or corporation to whom such explosives shall be sold

or given shall be licensed as hereinafter provided and shall exhibit such license to the person firm or corporation making such sale or gift provided however that nothing herein contained shall prohibit the possession or custody by or sale or gift to any employe of a person firm or corporation duly licensed as hereinafter provided for proper industrial purposes of a quantity of low grade dynamite such as may lawfully be used under existing laws in coal mining within this Commonwealth at any time and of a quantity of black powder not exceeding twenty-five (25) pounds at any time unless more is needed for a day's work and provided further that nothing herein contained shall prohibit the possession or custody of explosives by any person in the service of the United States or of this Commonwealth and provided further that this act shall not apply to the possession of ammunition in suitable quantities by any person having a hunter's license under the laws of this Commonwealth

Section 2 Licenses authorizing possession of such explosives may be issued by the district attorney of the county in which said explosives are kept but only after proof to the satisfaction of said district attorney that the purposes for which such explosives are to be kept are proper industrial or military purposes and proof that the licensee intends to guard such explosives both by day and by night in such manner as will reasonably protect the same against theft and depredation provided however that no such license issued by the district attorney of any county shall authorize the possession of explosives by the licensee in any other county and provided further that the maximum quantity permitted to any licensee shall be stated in said license and provided further that the nature and kind of explosives permitted to such licensee shall likewise be stated in said license

Section 3 Such licenses shall at all times be subject to immediate revocation by the district attorney by whom they are issued if he shall have reasonable ground for belief that such explosives are not being used for proper industrial or military purposes or are not being guarded as heretofore provided

Section 4 All nitrogylcerin dynamite gun powder blasting powder and other explosives in the possession or custody of any person firm or corporation within this Commonwealth contrary to the provisions of this act may be seized without warrant by any district attorney sheriff peace officer or constable or any deputy of any of said officers or by any person in the military or naval service of the United States or of this Commonwealth and it shall be the duty of any licensee to exhibit the said license to any of said officers upon demand All explosives seized in accordance with the provisions of this section shall be the property of this Commonwealth and shall be disposed of as the district attorney of the proper county shall direct

Section 5 Whoever shall violate any of the provisions of the first section of this act shall be guilty of a felony and upon conviction thereof be sentenced to pay a fine not exceeding five thousand dollars or undergo an imprisonment not exceeding seven years or both or either at the discretion of the court

On the question,

Shall the bill pass finally?

Mr. MILLIRON. Mr. Speaker, this bill, it seems to me, is rather drastic. The first section of the bill has been amended and that section applies to the regulation of explosives used for mining purposes, and I suppose is satisfactory to those engaged in the mining pursuits. The second section, however, is the one to which I want to object. If you will notice in section two, on page two, it says: "Licenses authorizing possession of such explosives may be issued by the district attorney of the county in which said explosives are kept but only after proof to the satisfaction of said district attorney that he purposes for which such explosives are to be kept are proper industrial or military purposes," and this is the part that is drastic, following this: "and proof that the licensee intends to guard such explosives both day and night." Now, in the agricultural regions of this State it is often necessary for those engaged in the agricultural pursuits to use an explosive, dynamite, for the purpose of blasting out a few stumps or removing some rock or loosening soil for planting apple trees, and if the farmer only needs two or three sticks of dynamite, under this bill he must procure a license from the district attorney and then he must hire a man to guard it day and night. Now, if you think that is fair to the agriculturists of this State, vote for this bill. If you think it is not fair and that the gentleman is trying to have something passed here that will hamper the agricultural pursuits in this State, vote against the bill.

Mr. STERN. Mr. Speaker and gentlemen of the House, this bill was presented at the instance of the Committee on Law and Order of the State Defence Committee, the committee which was appointed by the Governor of the State of Pennsylvania to guard our State during war times. As soon as war between this country and Germany was declared some terrific explosions occurred in various parts of the State. No one, up to this time, has been able to find the miscreants or a person responsible for those explosions.

The Law and Order Committee, of which Mr. Gunnison, of Erie, is Chairman of the Defence Committee of the State of Pennsylvania, met and decided that an act of this kind was necessary in order that some proper record be kept of the explosives and in whose hands they may be in this State. The mesaure is one that safeguards the public of the State of Pennsylvania. That is all I care to say about this bill except that it was amended so as not to interfere with the mining interests which sometimes require more than three pounds of dynamite at a time.

I suppose the section to which my friend from Armstrong refers and to which he objects is that which says that the explosives would have to be guarded day and night and that simply means that if a man has a stick or two of dynamite in his place that he ought to take care of it at night and guard it so that no one can steal it away and use it for any nefarious purpose. I hope the House will pass this bill as an aid to proper defence in the State.

Mr. MILLIRON. Mr. Speaker, I wish to interrogate the gentleman from Philadelphia, Mr. Stern. I would like to ask the gentleman from Philadelphia to state to the members of this House when the Law and Order Committee of the Public Defense Committee of this State was formed.

Mr. STERN. Mr. Speaker, I cannot give you the exact date but it was after the committee was appointed, and if the gentleman will bear with me until I can go through the files of my desk I will bring forth a letter which accompanied the request to introduce this bill.

Mr. MILLIRON. Mr. Speaker, I wish to further interrogate the gentleman from Philadelphia.

The SPEAKER. The gentleman from Armstrong will proceed.

Mr. MILLIRON. Was it previous to the thirtieth of April?

Mr. STERN. I do not know the exact date, Mr. Speaker.

Mr. MILLIRON. Then, Mr. Speaker and gentleman of the House, the gentleman from Philadelphia is not sure whether the committee was appointed before he introduced the bill or not.

Mr. STERN. Mr. Speaker, I am sure of that.

Mr. MILLIRON. Then, Mr. Speaker—

QUESTION OF PERSONAL PRIVILEGE.

Mr. STERN. Mr. Speaker, I just want to rise to a question of personal privilege.

The SPEAKER. The gentleman will state his question of personal privilege.

Mr. STERN. Mr. Speaker, if my veracity is doubted I will ask that this matter be postponed for a few moments until I find the letters.

The SPEAKER. The Chair would like to state that that is not a question of personal privilege.

Mr. STERN. Mr. Speaker, I move that further consideration of this bill be postponed for the present.

Mr. GANS. Mr. Speaker, I second the motion.

POINT OF ORDER.

Mr. MILLIRON. Mr. Speaker, I rise to a point of order.

The SPEAKER. The gentleman will state his point of order.

Mr. MILLIRON. Mr. Speaker, I addressed the Chair properly and was recognized by the Chair and had the floor when this motion was made and I want to know who has the floor or whether the motion was in order or out of order.

The SPEAKER. The Chair used his best judgment as to which of the gentlemen were entitled to the floor. They were in a wordy controversy and it was hard for the Chair to decide. The Chair decided the gentleman from Philadelphia was on the floor but he will recognize the gentleman from Armstrong at this time.

Mr. MILLIRON. Mr. Speaker and gentlemen of the House, I want to call your attention to the statements of the gentleman from Philadelphia when he said the Public Defense Committee or the Law and Order Committee of the Public Defense Committee framed this bill. If they did so—and I don't doubt the gentleman's truth and veracity and neither does any member of this House—but if the Public Defense Committee of this State framed the

bill so that those engaged in the mining industry found it necessary to have it amended in order that they might carry on their vocation of mining coal it seems to me that it is time for the Legislature to act on these matters and not the Public Defense Committee. That Public Defense Committee is not organized for the purpose of hindering the mining pursuits of this State and if this is one of their bills and if this is what we appropriated two million dollars to have them do, to have them throw a hindrance in the way of the agriculturalists or the miners rather than to help them on, we ought to, at this first opportunity that presents itself to this House, vote it down and I ask you to vote "no" on this bill.

The SPEAKER. The question is on the motion to postpone further consideration of the bill for the present.

Mr. STERN. Mr. Speaker, I withdraw my motion to postpone further consideration at this time.

Mr. GANS. Mr. Speaker, I withdraw my second to Mr. Stern's motion.

The SPEAKER. The question recurs, shall the bill pass finally?

Mr. CHESTNUT. Mr. Speaker, I desire to interrogate the gentleman from Philadelphia, Mr. Stern.

The SPEAKER. Will the gentleman from Philadelphia, Mr. Stern, permit himself to be interrogated?

Mr. STERN. Mr. Speaker, yes sir.

Mr. CHESTNUT. Mr. Speaker, this bill as drawn now, would it or would it not, practically, eliminate every dealer in explosives unless he were located in a county-seat?

Mr. STERN. No, he could simply apply to the District Attorney of the county and get a permit or a license.

Mr. CHESTNUT. I interrogated the gentleman and I ask for an explanation. I did not hear your answer.

Mr. STERN. My answer was no.

The SPEAKER. The gentleman from Fulton has a right to be heard. He wants to be informed on this question and the gentleman states that he did not hear the answer of the gentleman from Philadelphia.

Mr. STERN. My answer was that he has to get a license from the District Attorney of the county. If he does not happen to live there he can get it by mail.

Mr. CHESTNUT. The gentleman has not replied to my question. I asked him whether this bill, as drawn now, would or would not practically—p r a c t i c a l l y—(spelled out) eliminate every dealer in explosives?

Mr. STERN. Spell it again, I didn't hear it.

Mr. CHESTNUT. There is no use if you did not catch it that time. Mr. Speaker, the question I asked the gentleman was, if this bill, as drawn up now, would not practically eliminate from the business of handling explosives even for agricultural pursuits or in blasting limestone, or in blasting out stumps or in leveling lands—if it would not practically affect and eliminate every dealer who is not in or near or close or contiguous to a county-seat? I would like to have a straight answer if the gentleman from Philadelphia can give one.

Mr. STERN. It is pretty hard to give a straight answer to a crooked question, but I will try it. Do you want an answer?

Mr. CHESTNUT. That is what I am asking for.

Mr. STERN. There is nothing in this bill that would prevent a man from carrying on the business of selling explosives, providing he gets a license from the District Attorney of the county; and there is nothing compelling a man to have his place of business there, or to reside in the county-seat where the District Attorney has his office.

Mr. CHESTNUT. I know there is nothing to compel that but the gentleman has dodged a correct answer. Practically, it would eliminate every dealer who is not in the county-seat, or closely to it. I think, gentlemen, that you ought to vote this bill down. With reference to not being able to answer a crooked question, it depends altogether on the question whether an answer to that question is straight or crooked.

Mr. FOWLER. Mr. Speaker, a good many of the members have asked the question of me whether this bill affected the miners. As the bill was before it did affect the miner, because it only gave them three pounds of dynamite to take into the mines at one time. But Mr. Stern consented to have amendments put in, bearing on this issue, and, of course, the miners are taken care of under the Mine Law. I simply make this statement to show that this bill will not affect the Mine Law as it stands with regard to miners.

Mr. SONES. Mr. Speaker, under the present form of this bill I cannot vote for it. I had the same thought in mind that Mr. Milliron had when I looked at the title of the bill. A good many farmers throughout the State have use for dynamite in blasting out stumps and stones and uprooting trees. Mr. Stern ought to amend this bill to relieve the farmers. If he does I will be for it.

Mr. LOHR. Mr. Speaker, I am very sorry I cannot vote for this bill in its present form because of the fact that in agricultural pursuits we have many uses for dynamite, not only for blasting out stumps and trees but also for drainage purposes and this bill in its present form would very seriously handicap the farmer. It is customary for farmers to buy dynamite in bulk so that when they need explosives that they have it and as a rule they take care of it so that it is not placed in disreputable hands. I think this bill would work a hardship to the agricultural interests of the State.

Mr. STERN. Mr. Speaker, this bill was presented for the State Defence Committee. So far as I am personally concerned I would not present a bill to this House that would injure any of the interests of this State. If this bill interferes with any of the farmers I ask the gentlemen of this House who are now here and who are engaged in agricultural pursuits, inasmuch as this is in the closing hours of the session, to vote upon and pass the bill in its present form and I will agree to go with any number of them to the proper members of the Senate and see that a satisfactory amendment is placed into this bill that will satisfy the farmer members of the Legislature.

Mr. MILLIRON. Mr. Speaker, I desire to interrogate the gentleman from Philadelphia, Mr. Stern.

The SPEAKER. Will the gentleman from Philadelphia, Mr. Stern, permit himself to be interrogated?

Mr. STERN. Mr. Speaker, yes sir.

Mr. MILLIRON. Mr. Speaker, I would like to know whether or not this is a companion bill of the one that recently passed prohibiting explosives at weddings?

Mr. STERN. Mr. Speaker, I don't know.

Mr. MERVINE. Mr. Speaker, I cannot see very much merit in this bill. It would compel every man, no matter whether he was a farmer, a lumberman, a contractor, or a builder of roads or a man taking out stone or anything in which he wanted to use any explosives whatever to apply to the District Attorney and get a license. I don't believe a bill of this kind is a good bill to pass for the people of this Commonwealth. I ask the gentleman of this House to vote it down.

BILL STRICKEN FROM CALENDAR.

Mr. EBY. Mr. Speaker, I move that this bill be stricken from the calendar.

Mr. PHILLIPS. Mr. Speaker, I second the motion.

The motion was agreed to.

On the question,
Shall the bill pass finally?

BILL STRICKEN FROM THE CALENDAR.

Mr. MILLIRON. Mr. Speaker, there was some excuse for that young fellow over there presenting one of these dymnamite bills, but I can see no excuse for a gentleman of mature age doing the same, and I move that this bill be stricken from the calendar.

Mr. ALBEE. Mr. Speaker, I second the motion.

The motion was agreed to.

Mr. BAKER. Mr. Speaker, I desire to call up at this time from page 50 of today's calendar, bills on third reading postponed, House Bill No. 1800, entitled

The SPEAKER. Is there any objection? The Chair hears none, and the extension is granted.

and ask unanimous consent for an extension of five (5) days.

The SPEAKER. Is there any objection? The Chair hears none, and the extension is granted.

RECONSIDERATION OF VOTE ON HOUSE BILL NO. 1227.

Mr. GEORGE J. A. MILLER. Mr. Speaker, I move that the vote by which House Bill No. 1227 (Senate Bill No. 513), File Folio 4429, entitled

An Act regulating the collection of county taxes in counties containing over one hundred thirty-five thousand and less than one hundred fifty thousand inhabitants; creating the office of receiver of taxes in such counties and prescribing the powers and duties of said office.

was defeated on final passage on June 6th be reconsidered.

On the question,
Will the House agree to the motion?

The Speaker declared the nays appear to have it.

Whereupon a division was called for, 75 gentlemen voting in the affirmative, and 54 gentlemen in the negative, and the motion was agreed to.

On the question recurring,
Shall the bill pass finally?

BILL POSTPONED.

Mr. SWARTZ. Mr. Speaker, I move that further consideration of this bill be postponed for the present.

Mr. STERN. Mr. Speaker, I second the motion.

On the question,
Will the House agree to the motion?

The Speaker declared the Nays appear to have it.

Whereupon a division was called for, 88 gentlemen voting in the affirmative, and 39 gentlemen in the negative, and the motion was agreed to.

RESOLUTION RECALLING HOUSE BILL NO. 1985 FROM THE GOVERNOR.

Mr. WOODWARD asked and obtained unanimous consent to present the following resolution, which was twice read, considered and agreed to.

In the House of Representatives, June 13, 1917.

Resolved (if the Senate concur), That House Bill No. 1985, File Folio No. 9793, entitled "An Act making an appropriation to the State Treasurer for the purpose of paying salaries of State officers and employes in the interim between the thirty-first day of May, one thousand nine hundred and seventeen and such time as the funds provided by the General Appropriation Bill becomes available," be recalled from the Governor for the purpose of amendment.

Ordered, That the Clerk present the same to the Senate for concurrence.

BILLS ON THIRD READING.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 1796, entitled

An Act to amend sections one and four of the act entitled "An Act providing a system of employment and compensation for the inmates of the Eastern Penitentiary, Western Penitentiary, and the Pennsylvania Industrial Reformatory at Huntingdon, and for such other correctional institutions as shall be hereafter established by the Commonwealth, and making an appropriation therefor," approved the first

day of June, A. D. one thousand nine hundred and fifteen by providing for the manufacture of supplies for and the sale thereof to the Government of the United States.

On the question,
Will the House agree to the bill on third reading?
It was agreed to.
On the question,
Shall the bill pass finally?

Mr. DELL. Mr. Speaker, inasmuch as this bill refers to the Pennsylvania Industrial Reformatory, at Huntingdon, I should like to have the sponsor of the bill explain just what it proposes.

Mr. WALKER. Mr. Speaker and gentlemen of the House, an explanation of this bill needs but few words. It is an amendment to a prior act, as you will notice by the title before you. All that is done by this bill is to permit the Eastern and Western Penitentiaries and the Huntingdon Reformatory to sell the goods which they are permitted to sell to the Government of the United States. The cry being that these institutions, or some of them at least, have the privilege and right to manufacture shoes and socks, and this being the case they are needed by the Government so that our soldiers may be properly shod in time of war.

On the question recurring,
Shall the bill pass finally?

NAYS—0.

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk present the same to the Senate for concurrence.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 1311, entitled

A Supplement to an act entitled "An Act regulating through the Commissioner of Labor and Industry the business of assisting employers to obtain employes and persons to secure employment including the business of collecting information to the same end and prescribing penalties" approved the seventh day of June Anno Domini one thousand nine hundred and fifteen vesting in the Commissioner of Labor and Industry and his authorized agents special powers of arrest in certain cases prescribing penalties and providing that the procedure thereunder shall be in the form of summary criminal proceedings

On the question,

Will the House agree to the bill on third reading?

It was agreed to.

On the question,

Shall the bill pass finally?

Mr. RAMSEY. Mr. Speaker, I desire to have the sponsor of this bill explain it.

Mr. WICKMAN. Mr. Speaker, I move that the further consideration of this bill be postponed for the present.

Mr. LEWIS. Mr. Speaker, I second the motion.

On the question,

Will the House agree to the motion?

Mr. RAMSEY. Mr. Speaker and gentlemen of the House, I have not any intention of taking advantage of the absence of any member of this House in reference to the postponement of any measure at this particular time, except this: the session is now drawing to a close, and this House has in the last few days denied special orders upon important matters now upon the third reading calendar. I take it, gentlemen of the House, that at this particular time to place a bill, which seems to be of as much importance as this one to the members of the House, upon the postponed calendar, is practically making a special order of the bill, for this reason: that the bill goes upon the postponed calendar, third reading, and as the third reading calendars are the calendars that are worked the most in the few days remaining of this session, it practically puts that bill in advance of any other measure. Now it is here, it is up now, and I think the members of the House ought to vote upon this question. There ought to be somebody here who can explain the measure. Surely, as we are coming to the end of the session, the members ought to stay close to the job in order that the measures in which we are interested can take their turn. I sincerely trust, that as we are trying to eliminate the postponed calendar, that we will not start to-night to place more bills upon it. This motion ought to be defeated, and then if the House feels as I do, it will defeat the bill on final passage.

On the question recurring,

Will the House agree to the motion?

It was not agreed to.

On the question recurring,

Shall the bill pass finally?

Mr. MAURER. Mr. Speaker, I just rise to a point of information. I am not concerned in the bill in any manner whatever, but in the absence of Mr. Mangan, the sponsor of the bill, and since the bill has been in our committee, I know something about it. That is my reason for rising. The bill comes from the State Employment Bureau Department. It was drafted by them and handed to the Chairman of the Committee on Labor and Industry, Mr. Mangan. It provides that the officials of the State Employment Bureau shall be empowered with the right to make arrests. In the beginning I was opposed to the bill, and I asked for information on it as to what its provisions were. This is the story they gave, that was given by Mr. Lightner, the head of the department. He said that in their work they came across people that came into this State to hire men without taking out a license, and without notifying the State. They simply would go through the State and gather up all the men they could get, and sometimes get away with them and take them to another State. The laws of this State provide that in order to employ men as an employment agency, a license must be taken out from the State, and that they must comply with the rules and regulations governing all employment bureaus. These free-lancers come in and establish an agency, and sometimes get out before it is discovered. He said that they estabilsh them unlawfully and that sometimes they catch them, but when they do they have no power to make arrests. They simply get them, and then they go to get a warrant, but by the time they come back with the warrant they have gone to parts unknown. So they say that if they had the right to make arrests at the moment they get them they feel that they would be given that extra power. I mentioned before that I am not concerned about this bill personally. I do not care whether it passes or not, but merely say this in explanation of the bill.

Mr. MILLIRON. Mr. Speaker, it seems to me that when the gentleman from Berks told us of the origin of this measure, that he left the cat out of the bag. Now we have in the State, as you know, an Employment Bureau under the Department of Labor and Industry and those people who are at the head of it are like all other bureaucrats who fill this lobby from the beginning of the session to the end in order that they might have laws passed enlarging their department and thereby ask the Legislature to grant the heads of departments increased salaries. Now, it is the intention, as I understand, of this Employment Bureau to establish an agency in every county. It seems to me that when labor is plenty and men are scarce there is no need of this Employment Bureau and when labor is scarce and men are plenty there is no need of it. Now, it seems to me, on the face of this bill,—and that isn't saying anything disparaging of the sponsor of this bill, for whom I have the highest regard, and I venture further to say it has been handed to him by one of these bureaucrats,—but it seems to me that they are afraid that some man will go out and employ a few men on his own hook and thereby decrease or limit their power and stunt the growth of that department, and thereby limit the amount of salary for which they may ask at the next session or at this session of the Legislature. I hope that the members of this House will consider this and vote "no" on this measure.

BILL DROPPED FROM CALENDAR.

Mr. McKINNEY. Mr. Speaker, I move you that this bill be dropped from the calendar.

Mr. MERVINE. Mr. Speaker, I second the motion.

On the question,

Will the House agree to the motion?

Mr. COX. Mr. Speaker and gentlemen of the House, I only want to say that the explanation given by the gentleman from Armstrong is only one side or phase of this question. I personally know in Philadelphia of an inspector whose duty it is to go around Philadelphia and find out these persons who prey upon the poor working man who picks up a newspaper and hunts a position and gives up something like a dollar and a half and is sent to some unknown address to find that there is no position there.

Another phase of the question is that they have no authority to make an arrest and when they go out and get a warrant they find the bird has flown. In other States if a man goes to bring anybody back there is a law there that immediately has him arrested and he is compelled to pay fifty dollars for a license. Now this State, I understand, charges a certain fee for a license. I only make this explanation. I am perfectly willing to see the House do what they please with it, but first understand what you are doing before you drop the bill from the calndar.

Mr. FOWLER. Mr. Speaker, I believe that this is a good bill. We have at this time in our industries a great shortag of labor. We also have a number of outside agents that are continually coming into the coal fields and taking the men away with promises that the fields are greater far away, and not only there but in some parts of our State men are taken out of certain fields by false statements from agents and told of great conditions and are led into conditions of bull-pens. Some time ago I brought a case, I think it was a year last March, of a condition that existed in Indiana County in a place called Earnest. Men were taken to work in that section, and we know that certain people are not even allowed to go in there and even talk to them. I brought the case of a gentleman from our field, Mr. Joseph Yennis, who went into that county for the purpose of visiting his boy and when he arrived in Earnest, Indiana County, he was taken by guards into a company store and given fifteen minutes to talk to the boy and told to get out of town. That case was brought to the attention of the Governor and the Attorney General of this State for the purpose of making an investigation.

Already, in certain parts, men are coming back into the anthracite field and telling us that the same condition now exists in many instances where they are put under the gun to work in this State, and I say that the department should have the right to investigate into these employment agencies and see that the men are given proper protection. The men should be left alone in the industries now. We need them just as bad in that end of the State as they do in other States. I therefore believe the bill should be passed.

Mr. WALTER. Mr. Speaker, I am opposed to this bill and believe it should be stricken from the calendar because of a purely legal reason. The power to arrest without warrant is something that ought not to be extended any farther than it is. An officer of the law is now permitted to make an arrest when he catches the offender in an overt act. This bill attempts to go beyond the privilege conferred by the Constitution providing that no one shall be arrested without a warrant or information made and sworn to. I therefore hope that the House will strike the bill from the calendar.

Mr. DELL. Mr. Speaker, I would like to interrogate the gentleman from Lackawanna County, Mr. Fowler.

The SPEAKER. Will the gentleman from Lackawanna County, Mr. Fowler, permit himself to be interrogated?

Mr. FOWLER. With pleasure, Mr. Speaker.

Mr. DELL. Mr. Speaker, I would like to know whether the gentleman from Lackawanna is in favor of arrests without a warrant under general conditions.

Mr. FOWLER. No, Mr. Speaker, I do not understand it that way. I understand that in the bill they have to have a warrant.

Mr. DELL. Mr. Speaker, this bill certainly gives the employer the right to arrest, and it gives the employment bureau the right to arrest without a warrant. Personally, I am opposed to the right to arrest without warrant, either for the employer or the employe, except in the case of breach of the peace. I would like to know how the gentleman from Lackawanna feels on this question.

Mr. FOWLER. Mr. Speaker, I think that any outside agency, outside the State, taking men outside the State, where the case is one of emergency they ought to be captured inside the State. I think there ought to be a warrant issued.

Mr. DELL. Mr. Speaker, I would like to interrogate the gentleman from Lackawanna farther.

The SPEAKER. The gentleman will proceed.

Mr. DELL. Does this bill apply merely and exclusively to the Employment Agencies outside the State? Does it not apply to the county as well as within the State?

Mr. FOWLER. I understand it applies to all Employment Agencies.

Mr. DELL. Does it not apply to any employment agency?

Mr. FOWLER. Yes, sir, Mr. Speaker.

Mr. DELL. Then, do you think it is a safe measure?

Mr. FOWLER. Yes, Mr. Speaker, I believe it is safe.

Mr. STOFFLET. Mr. Speaker, I would like to interrogate the gentleman from Huntingdon, Mr. Dell.

The SPEAKER. Will the gentleman from Huntingdon, Mr. Dell, permit himself to be interrogated?

Mr. DELL. Mr. Speaker, I would like to ask Mr. Dell, since he is opposed to arrest without warrant, whether he did not the other day vote for the measure known as the Voluntary Police Bill authorizing an arrest under present war conditions?

Mr. DELL. Mr. Speaker, that was for military purposes and protection to our Commonwealth.

On the question recurring,

Will the House agree to the motion to strike the bill from the calendar?

The motion was agreed to.

NAYS—3.

Lanius,	McCurdy,	Mervine,

The majority required by the Constitution having voted in the affirmative, the question was determined in the affirmative.

Ordered, That the Clerk return the same to the Senate with information that the House has passed it without amendment.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 1431 (Senate Bill No. 376), entitled

An Act to amend section eleven hundred and twenty-one of an act approved the eighteenth day of May, one thousand nine hundred and eleven (Pamphlet Laws three hundred and nine), entitled "An Act to establish a public school system in the Commonwealth of Pennsylvania together with the provisions by which it shall be administered and prescribing penalties for the violation thereof providing revenue to establish and maintain the same method of collecting such revenue and repealing all laws, general, special or local, or any parts thereof that are or may be inconsistent therewith," as amended.

On the question,

Will the House agree to the bill on third reading?

It was agreed to.

On the question.

Shall the bill pass finally?

Mr. CHESTNUT. Mr. Speaker I desire to ask every member here to study this bill carefully before casting a vote either for or against it. I will not make a speech but I want to say that it involves the raising of the salaries of county superintendents from fifteen hundred to two thousand dollars a year. I simply ask each man here to consider it carefully from his own personal knowledge of conditions in his own county before casting his vote. My vote, of course, shall be "No."

Mr. MILLIRON. Mr. Speaker. I wish to say in regard to this bill that the gentleman from Fulton is in error with regard to the raising of the salaries of the county superintendents from fifteen hundred to two thousand dollars. The law, as it stands now, provides that the county superintendent shall be paid fifteen dollars per school for the first one hundred schools and five dollars per school for each additional school, but it provides that he shall not receive less than fifteen hundred dollars nor more than two thousand dollars. So, that a county superintendent who has one hundred schools gets fifteen hundred dollars and a county superintendent who has a larger number of schools —five hundred schools, for example, cannot receive under the present law more than two thousand dollars, for the reason that he is allowed fifteen hundred dollars for the first hundred schools and five dollars additional for each school until it amounts to two thousand dollars. Now, if the county superintendent has under his jurisdiction five hundred schools he would be entitled, if there were no limit to the amount of salary, he might receive fifteen hundred dollars for the first hundred schools and two thousand for the next four hundred, making him a salary of thirty-five hundred dollars, but the law, as it now stands prohibits him from being paid out of the State appropriation more than two thousand dollars. This bill provides that the salary shall not be more than twenty-five hundred dollars, so that if his salary amounts to three thousand, or thirty-five hundred dollars, he can still be paid out of the State appropriation before it is divided to the different districts of the State, twenty-five hundred dollars. Now, the County School Directors' Convention which elects a county superintendent can always fix that salary above the two thousand dollars, under the present law, and divide in many instances, but, where they do that, an additional amount of money comes out of the appropriation allotted to that county. Therefore, it is really a good thing for the counties that have a number of schools which would allow more salary or a greater salary than two thousand dollars. I make that statement in fairness to the county superintendents and in fairness to the taxpayers of the county. Now there is another provision in this bill which provides that the assistant superintendents be paid eighteen hundred dollars a year. They are now securing twelve hundred dollars a year. Those of us who have been county superintendents in years gone by know that it costs anywhere from six to eight hundred dollars to travel over an ordinary county for upkeep of a rig and for a horse, and I presume now they use automobiles; for your board, also, and when you spend eight hundred dollars out of twelve hundred to travel over a county it leaves you only four hundred dollars. Do you believe there is a man in this House who wants to place his children in the public schools, that are supervised by a man who is able or who really gets, after his expenses are paid, four hundred dollars? We have voted large salaries here and I find no fault with that. I presume it is all right or we would not have done it, but when we come to deal with the plastic minds of the child, with that part of human nature that stands paramount to all others; when we as men place our children in the hands of superintendents and teachers for the purpose of having their minds directed for life and oftentime for eternity. I want to say to you that if there is a man in this House who wants a man to do that and have that man supervise that work at four hundred dollars a year, vote against this bill. If you want to have a man to have more than you pay for taking care of your pigs and your sheep and your cattle and to dig a ditch around your house—if you want to do that for a man who is in charge of molding the minds of your children, then vote for the bill.

Mr. DELL. Mr. Speaker, I desire to interrogate the gentleman from Armstrong, Mr. Milliron.

The SPEAKER. Will the gentleman from Armstrong, Mr. Milliron, permit himself to be interrogated?

Mr. MILLIRON. Mr. Speaker, yes sir.

Mr. DELL. Mr. Speaker, did I understand the gentleman from Armstrong to say that there is a provision in this bill governing the salaries of the assistant superintendents? Is it not true that the bill governing the salaries of the assistant superintendents is in the next bill?

Mr. MILLIRON. Mr. Speaker, I stand corrected on that and am glad the gentleman has called my attention to it. I thought both these provisions were in the one bill that bill follows.

Mr. CHESTNUT. Mr. Speaker, I would like to interrogate the gentleman from Armstrong.

The SPEAKER. Will the gentleman from Armstrong, Mr. Milliron, permit himself to be interrogated?

Mr. MILLIRON. Mr. Speaker, yes, sir.

Mr. CHESTNUT. Mr. Speaker, has the gentleman read the bill in detail?

Mr. MILLIRON. Mr. Speaker, yes sir.

Mr. CHESTNUT. Mr. Speaker, if he had not, I had expected to ask him. Mr. Speaker, with your permission and that of the House, I will try in my feeble, stammering way to read section 1121 as amended. Section 1121 of the preceding salary bill says "the salaries of county superintendents shall be paid monthly is hereby further amended to read as follows: The annual salary of each county superintendent elected or appointed under the provisions of this act shall be paid by the State from appropriations made for this purpose or from the appropriations made for the public schools and shall be fifteen dollars for each of the first one hundred schools within his jurisdiction at the time of his election and ten dollars for each such additional school provided that the salary of a county superintendent shall not be less than two thousand dollars per annum nor more than twenty-five hundred dollars per annum but a convention of school directions assembled for the purpose of electing a county superintendent may vote him a salary greater than," and so forth.

Mr. MILLIRON. Mr. Speaker, the statements which I made to the members of this House are exactly correct. I was not sure whether it raised the minimum salary or not and therefore I made no statement on that score. The gentleman from Fulton stated that it raised it, I believe, to two thousand dollars. Now the minimum salary under this act is two thousand dollars and the maximum salary is twenty-five hundred dollars, but the county convention of school directors can fix a salary in an amount above this, but that additional sum as I stated before comes out of the appropriation allotted to that county. The two thousand dollars or the twenty-five hun-

dred dollars, as the case may be, comes out of the general appropriation before it is divided amongst the districts or counties. Those are the provisions of the old act.

Mr. CHESTNUT. Mr. Speaker, I am asking for information and I would like to interrogate the gentleman again. Does this make the minimum salary of the county superintendent two thousand dollars or does it not?

Mr. MILLIRON. Mr. Speaker, it does.

Mr. CHESTNUT. That is all I wanted to know.

Mr. MILLIRON. Mr. Speaker, and the maximum twenty-five hundred dollars.

Mr. CHESTNUT. Mr. Speaker, that is all I wanted to know, thank you.

Agreeably to order,

The House proceeded to the third reading and consideration of House Bill No. 1430 (Senate Bill No. 375), entitled

An Act to amend section eleven hundred and thirty of an act approved the eighteenth day of May, one thousand nine hundred eleven, (Pamphlet Laws three hundred and nine), entitled "An Act to establish a public school system in the Commonwealth of Pennsylvania together with provisions by which it shall be administered and prescribing penalties for the violation thereof; providing revenue to establish and maintain the same, method of collecting such revenue and repealing all laws general, special or local or any parts thereof that are or may be inconsistent therewith."

On the question,

Will the House agree to the bill on third reading?

It was agreed to.

On the question,

Shall the bill pass finally?

Mr. DELL. Mr. Speaker and gentlemen of the House, it requires the same standard of qualification under the Act of Assembly to be an assistant county superintendent as is required to be a county superintendent. As has been well said by my friend and colleague, Mr. Milliron, the assistant county superintendent is so meagerly paid that he has practically nothing left after his expenses are paid. For that reason I believe this bill to be a meritorious bill, and although I voted "no" on the other one, I trust you will support this one.

Legislative Journal.

Session 1917 — 122nd of the General Assembly

VOL. 4. HARRISBURG, PA., THURSDAY, JUNE 14, 1917. No. 70.

HOUSE OF REPRESENTATIVES.

THURSDAY, June 14, 1917.

The House met at 10 o'clock A. M.
The SPEAKER (Richard J. Baldwin) in the Chair.

PRAYER.

The Chaplain, Rev. S. G. Zerfass, offered the following prayer:

Almighty God, our Father, another day has opened for us and we would begin it with Thee. May Thy word be a lamp to our feet and a light to our path. Take not Thy Holy Spirit from us, and may neither life nor death separate us from Thy love so that Thy peace be upon us always.

On this annual Flag Day anniversary, may we more than ever revere the flag of our nation, living the significance of its colors by being more valorous in defence of all that is right, having ever pure motives in all our actions and continuing to exercise the cardinal virtue of truth, so that freedom of speech, freedom of the press and the civil and religious liberty may never be abrogated, but always prosper; and make us more loyal to the starry emblem of freedom, more faithful to our fellow beings and more devoted to God.

Use us, lead us, bless us and keep us and help us to live sweetly. Hear us and receive our prayers and may we ever be able to say with the poet:

"Forever float that standard sheet,
Where breathes the foe but falls before us,
With freedom's soil beneath our feet
And freedom's banner streaming o'er us."

Grant it all. Amen.

VETO OF SENATE BILL NO. 161.

He also presented communication in writing from His Excellency, the Governor of the Commonwealth, which was read as follows:

Commonwealth of Pennsylvania.
Executive Chamber, Harrisburg, June 15, 1917.

To the Honorable, the Senate of the Commonwealth of Pennsylvania.

Gentlemen: I return herewith without my approval Senat Bill No. 161, entitled, "An Act relative to the payment of deposits in banks or trust companies deposited in two or more names."

This bill provides that funds deposited in banks or trust companies in the name of two or more persons together with any interest or dividends thereon may in all cases be paid to either of said persons, whether the other one or ones be dead or living. The only exception lies in cases where in written agreement in advance some other method shall be followed.

There is no good purpose to be gained by this bill. Under existing law by the form of deposit or by agreement the entire matter can now be accomplished. When money is deposited jointly it should be withdrawn jointly. One should not have power by law to control or dispose of property owned by two, especially when one is dead. Endless complications and in conceivable cases manifest wrong would ensue. Banks would be annoyed, doubts would arise and in the end the effect of such law when known would be to end all joint deposits. If such ending is desired there should be an enactment to that end. If it is not desired the present laws are sufficient.

For these reasons this bill is not approved.

MARTIN G BRUMBAUGH.

On the question,

Shall the bill pass the objections of the Governor to the contrary notwithstanding?

BILL POSTPONED.

Mr. SONES. Mr. President, I move that the question together with the further consideration of the bill be postponed for the present.

Mr. WASBERS. Mr. President, I second the motion.

The motion was agreed to.

VETO OF SENATE BILL NO. 61.

He also presented communication in writing from His Excellency, the Governor of the Commonwealth, which was read as follows:

Commonwealth of Pennsylvania,
Executive Chamber, Harrisburg, June 15, 1917.

To the Honorable, the Senate of the Commonwealth of Pennsylvania.

Gentlemen: I return herewith without my approval Senate Bill No. 61, entitled "An Act to enable foreign religious and charitable corporations to hold real estate."

This bill would enable foreign religious and charitable corporations to hold real estate in this Commonwealth whose clear yearly value or income shall not exceed $20,000.

Section 6 of Aritcle XVI of the Constitution provides that no corporation shall "take and hold any real estate except such as may be necessary and proper for its legitimate business." If this bill contemplates this holding of real estate by corporations without regard to this purpose or necessity of the corporations as such it is clearly unconstitutional. Since the bill contains no such limiting function and leaves the whole subject open to litigation and vexatious delays, it can be of no substantial good and ought not in its present form be enacted into law.

For these reasons this bill is not approved.

MARTIN G. BRUMBAUGH.

On the question,

Shall the bill pass, the objections of the Governor to the contrary notwithstanding?

BILL POSTPONED.

Mr. DAIX. Mr. President, I move that the question, together with the further consideration of the bill be postponed for the present.

Mr. W. P. GRAFF. Mr. President, I second the motion.

The motion was agreed to.

VETO OF SENATE BILL NO. 696.

He also presented communication in writing from His Excellency, the Governor of the Commonwealth, which was read as follows:

Commonwealth of Pennsylvania,
Executive Chamber, Harrisburg, June 15, 1917.

To the Honorable, the Senate of the Commonwealth of Pennsylvania.

Gentlemen: I return herewith without my approval Senate Bill No. 696, entitled "An Act to amend the second section of an act approved April fourth one thousand nine hundred and seven entitled 'An Act creating in counties having a population from three hundred thousand to one million a board to fix and determine the number and compensation of employes in all county offices boards bureaus departments and divisions thereof prescribing the powers and duties of said board and regulating appeals from the decision thereof' by providing that where said board as constituted by said act is composed of the county controller and county commissioners only the president of the board in case of a tie vote shall be entitled to a deciding vote."

This bill seeks to amend Section 2 of the Act of April 4, 1907 (P. L. 58), by giving to salary boards in counties of 300,000 population and under 1,000,000 population the power when such Board is composed only of the county Controller and the county commissioners a means of breaking a tie. The means suggested is to give the president or chairman of the Board in case of a tie the right to cast the deciding vote. That is to say, it gives such officers two votes. He ought not to have two votes. In case of tie reason and justice should resolve it, and not the multiplied power of one of the members of a co-ordinate group. The principle involved is undemocratic and unjust.

This bill unfortunately omits the provision of the present law which provides that a full minute of all meetings of the Board shall be entered in a book kept for that purpose. Certainly a careful and detailed record of the actions of such a Board is essential to good public service and vital to a sound public policy. This omission if designed is unfortunate; if accidental, likewise unfortunate.

Being unsound in principle at both points it ought not be given approval.

For these reasons this bill is not approved.

MARTIN G. BRUMBAUGH.

On the question,

Shall the bill pass, the objections of the Governor to the contrary notwithstanding?

BILL POSTPONED.

Mr. McNICHOL. Mr. President, I move that the question, together with the further consideration of the bill, be postponed for the present.

Mr. EYRE. Mr. President, I second the motion.

The motion was agreed to.

And the amendments made thereto having been printed as required by the constitution,

On the question,

Shall the bill pass finally?

Mr. R. E. SMITH. Mr. President, my reason for opposing this bill is because I believe its purpose to be detrimental to the health of the people of Pennsylvania. I believe that it will result in poisoning the very staff of life of eight millions of people for no other purpose than to make larger profits for certain interests. I am not going to take a great deal of time, but I want to refer to the conclusions of Doctor Ladd and Doctor Stallings, of the North Dakota Agricultural College. "Bleaching is not an improved milling process, but is the introduction of chemical agents for the purpose of treating the flour. There is employed in this process of bleaching a chemical agent physiologically very active. The bleaching agent is nitrous oxide. Nitrous oxide remains in the flour after bleaching. Therefore, this process is adulteration pure and simple as it puts an element into the flour neither necessary nor wholesome. Nitrous oxide or the salts resulting therefrom remains in the bread produced from flour so bleached. The quality of the gluten is injured by bleaching. Bleaching permits of using low grade flours in place of patents. Low grade flours produced from well cleaned wheat can be successfully bleached to resemble high grades or patents."

I want to read a very short extract from the great chemist and authority on flour, James H. Sheperd, of South Dakota: "Old and young, strong and weak, well and sick, all depend upon bread and they should have it without any poisonous chemicals. It is not contended here that bleached flour carries nitrous acid in toxic doses, but it is contended that there is sufficient nitrite present to retard digestion, and to make it a constant menace to health. Such things beget indigestion and a host of minor ills that tend to sap the vital energies of the consumer and render him an easy prey to prevalent diseases and epidemics.

Nitrous acid is a vicious antiseptic and any course of reasoning that will permit its use will also permit the use of any or all the other chemical antiseptics known. "There is no certainty that nitrite is eliminated in the baking."

I want to read also a statement by Dr. Charles H. LaWall: "The bleaching of flour is a crime. When legalized it is no less an ethical crime than it was before, but is not a legal crime. The sole purpose of bleaching flour is to get a higher price for the product without adding anything to its nutritive value. In fact, as the bleaching agents are all poisonous the nutritive value is always diminished in bleaching flour. The agents are so minute in character, however, that it is difficult to measure the degree of damage which is done. The best evidence you can get to use before the committee is a transcript of the evidence given for the government at the famous bleached flour trial, namely, Notice of Judgment No. 722. The Supreme Court of the United States reversed the lower court, not on the ground that bleaching was harmless, but on a technicality, that Judge McPherson did not quote the full text of the law in instructing the jury. He said to the jury, "If you find a poisonous substance has been added, the quantity of it need not be taken into consideration." The Supreme Court ruled that he should have said, "If it may be injurious to health." There is no way of bleaching flour which will not render it deleterious to health. There is no way of bleaching flour which will not render it deceptive, getting more money for a product than otherwise could be had. That is a crime against the nation and an affront to patriotism in the present stress.

I believe this legislation to be vicious, unnecessary and detrimental to the interests of the people. I suspect that certain machinery concerns are interested greatly in this bill, and the large milling concerns will also have an advantage over the small millers. For these reasons I am opposed to this bill.

Mr. EYRE. Mr. President, coming from the largest agricultural district in Pennsylvania, I am naturally interested in this bill, and I have followed it with great care from the time it came into this body. I know of my own personal knowledge that there is no business that has been injured so greatly in the State of Pennsylvania as the milling industry. Milling properties have depreciated in value about one-fifth, in many instances, from their original cost. In addition to this we are now sending out of Pennsylvania more than sixty per cent. of the wheat grown in the State of Pennsylvania, because the millers cannot handle it here in competition with the millers of other States. The bleaching process has been legislated against by only three States in the United States up to this time, and we are only here asking for fair play to the milling and agricultural industries of the State of Pennsylvania. The distinguished Senator from Crawford has undertaken to quote from some authorities relative to the nitrite engendered by this electrical process, but we find that Snyder, Wilhoit and Frazier, the most eminent chemists of the country, coming from the University of Minnesota, say that the bleaching of flour causes the impurities such as brand and similar products to become blackened and more pronounced. From a commercial point of view, the bleaching of this flour which contained the

low grades was not successful." This has been the experience of every miller who has made the experiment. I could go on at great length to read a summary of the finding of these eminent chemists, but I am not going to do so, because I do not want to take up the valuable time of this body. I do want to say, however, that this bill is backed by the Millers' Association of this State, composed of some of the most eminent citizens of this Commonwealth, and you cannot make me believe that those men would be here asking for the passage of a bill deleterious to health. I attended the hearing of the committee and propounded the question to each of the chemists of the State Department, who appeared there, and asked them to cite to me a single instance where any poison had been injected into the human system by the use of this grade of flour, and they all answered that it was impossible for them to do so. I do say that agriculturalists of Pennsylvania are being discriminated against to the extent of from five to ten cents a bushel on their wheat by reason of the freight that they are compelled to pay by sending the wheat into other markets, and for that reason I am for the bill and hope that it will be passed by this body.

And the question recurring,

Shall the bill pass finally?

The yeas and nays were taken agreeably to the provisions of the Constitution, and were as follows, viz:

COMMUNICATION FROM THE GOVERNOR.

The Private Secretary of the Governor being introduced, presented a communication in writing from His Excellency, the Governor, which was read as follows:

VETO OF HOUSE BILL NO. 1425.

Commonwealth of Pennsylvania.
Executive Chamber, Harrisburg, June 15, 1917.

To the Honorable, the House of Representatives of the Commonwealth of Pennsylvania.

Gentlemen: I return herewith, without my approval House Bill No. 1425, entitled "An Act to amend the act approved the sixteenth day of July one thousand nine hundred and thirteen entitled 'A Supplement to an act entitled 'An Act providing for the incorporation and government of cities of the third class' approved the twenty-third day of May Anno Domini one thousand eight hundred and eighty-nine creating a city planning department defining its jurisdiction and extending the same so as to regulate the laying out and recording of plans of lots within the limits of the city and for three miles beyond the city limits and to regulate the making and use of certain public improvements until said plans are approved by said department and authorizing the exercising of the powers herein provided by a park or other municipal commission' by extending the powers of the city planning commission imposing duties on certain borough and township officers extending the jurisdiction of the commission to six miles outside the city limits in certain cases restricting certain conveyances of land and imposing penalties for violation of certain provisions of the act."

This Bill seeks to amend the act of July 16, 1913 (P. L. 752) creating a City Planning Commission in cities of the third class.

This Bill adds to the power of such commissions by giving them power over boroughs which happen to lie within the range of three or six miles of such city. This Bill would compel under heavy penalty a clerk of a Borough Council to submit a copy of all ordinances and bills relating to the erection of public buildings in such boroughs or to the location, extension, widening or otherwise changing a borough plan to the City Planning Commission. The penalty is imprisonment.

The effect is to give to such planning commission jurisdiction and directive control over boroughs and townships —municipal units of coordinate corporate strength under law. It is the imposing of the will of a city over territory not within their jurisdiction. It carries the power of the city too far. It moreover does not define the agency that shall be competent to declare what boulevard, parkway or main artery of travel leading into such city shall for six miles be subject to the directive regulation of the city planning commission. Approval of this Bill would further jeopardize the Act of July 16, 1913, as may be seen in the case of Noll vs. Morrow (253 Pa. 442), and is inhibited by section 20 of Article III of the Constitution.

While it is important that Planning Commissions should have abundant power in their own jurisdictional bounds and legislation to that end would be welcome, it is regrettably true that this Bill goes too far and is in violation of the defined rights of outlying territory such as boroughs and townships located within three or six miles of the bounds of cities of the third class.

For these reasons this Bill is not approved.

MARTIN G. BRUMBAUGH.

On the question,
Shall the bill become a law, the veto of the Governor to the contrary notwithstanding?

Mr. RAMSEY. Mr. Speaker, I move that the bill, together with the veto, be laid upon the table.

Mr. WOOD. Mr. Speaker, I second the motion.

The motion was agreed to.

COMMUNICATION FROM THE GOVERNOR.

The Private Secretary of the Governor being introduced, presented a communication in writing from His Excellency, the Governor, which was read as follows:

VETO OF HOUSE BILL NO. 1458.

Commonwealth of Pennsylvania.
Executive Chamber, Harrisburg, June 15, 1917.

To the Honorable, the House of Representatives of the Commonwealth of Pennsylvania.

Gentlemen: I return herewith, without my approval House Bill No. 1458, entitled "An Act providing that public roads through Indian reservations in the State of Pennsylvania shall be improved and maintained by the State Highway Department as a part of the system of State highways."

This Bill provides that public roads through Indian reservations shall be State highways and shall be improved and maintained by the Commonwealth.

This Bill takes the place of a former Bill which was vetoed as special legislation and is universalized in its terms to do precisely the same thing—namely to place upon the Commonwealth the obligation of imposing and maintaining certain public roads not now included by law in the State highway system. It is therefore, directly at variance with the expressed judgment of the Executive fully conveyed to the Assembly which judgment is that there should be less and not more miles of highways in the state controlled system. We do not receive for the Department of Highways from the Assembly enough funds to improve and maintain the excessive mileage now by law placed under state control. Unless there is a commanding reason for it, no roads should be added to an already overburdened system.

If the people want good roads they must lessen the present mileage or appropriate more money. To increase the mileage and not the funds necessary for their development and upkeep is precisely what we should avoid not promote.

For these reasons this Bill is not approved.

MARTIN G. BRUMBAUGH.

On the question,

Shall the bill become a law, the veto of the Governor to the contrary notwithstanding?

Mr. SIGGINS. Mr. Speaker, I move that the bill, together with the veto, be laid upon the table.

Mr. DELL. Mr. Speaker, I second the motion.

The motion was agreed to.

An Act requiring all counties cities boroughs townships school districts and other municipalities and incorporated districts to sell any bonds or other securities issued by them to the highest responsible bidder after due public notice.

on page 15 of Wednesday's calendar, was defeated on final passage, be reconsidered.

Mr. POWELL. Mr. Speaker, I second the motion.

On the question,

Will the House agree to the motion?

The SPEAKER declared the ayes appeared to have it.

Whereupon,

A division was called for, and 101 gentlemen having voted in the affirmative and 15 in the negative, the question was determined in the affirmative, and the motion was agreed to.

BILL ON THIRD READING.

Agreeably to order,
The House proceeded to the third reading and consideration of House Bill No. 1292, entitled

An Act making an appropriation to the Water Supply Commission of Pennsylvania to continue the work upon the Pymatuning Swamp Reservoir commenced under the provisions of an act approved the twenty-fifth day of July one thousand nine hundred and thirteen entitled "An Act providing for the erection of a dam at the outlet of Pymatuning Swamp and the establishment of a reservoir to conserve the waters thereof providing for the taking of land and materials necessary thereto vesting certain powers and duties in the Water Supply Commission and making an appropriation."

On the question,
Will the House agree to the bill on third reading?
It was agreed to.
On the question,
Shall the bill pass finally?

Mr. SHATTUCK. Mr. Speaker and gentlemen of the House, this is House Bill No. 1292, file folio 9787, on page 8 of today's calendar. This bill making an appropriation of $1,200,000 with an additional $20,000 thrown in for good measure, is for the purpose of erecting a dam on the Shenango River in Crawford County for the purpose of storing the water for the use of the steel mills and manufacturing backed by the steel trust and the manufacturers' associabacked by the steel trust and manufacturers' association. The steel mills use the waters of the Shenango for coaling purposes in the manufacture of steel. The steel trust and manufactures who have made millions upon millions of dollars in the past few years are coming before this body and asking for millions of money to subside their business.

A bill of this nature should never become a law as it opens the gateway to eminent doman to the big interests all over the Commonwealth, and it opens the doors of the treasury for purposes never intended for the State's funds. We are today in war and will be called upon for every available man and dollar that the State can raise.

A bill of this nature should not appear on our calendar at this time.

Our schools, our roads and public institutions together with the liberal allowance to charties, consumes every dollar of the State's income.

This bill will allow the State for the benefit of the steel trust and manufacturers to come into Crawford County and take possession of over 18,000 acres of the richest and greatest producing land in Pennsylvania. The Water Commission report of 1912, on page 68, says that "That of this land about 8,000 acres is cultivated and dry pasture lands and 1,000 acres of hardwood land, and that on lands counted as swamp lands, covered with woods and timber, 7,500 acres, open and cleared land 580 acres, and further says, on page 17, that the county says the value should pay for the same. Since the report was made hundreds more of acres have been cleared, and drained, and every acre of the 18,000 acres more or less can be successfully drained. The muck lands are very rich and raise an average of 70 to 80 bushel of oats to the acre. While they are much more valuable for onions, celery and strawberries, the improved muck lands are worth from $300 to $500 per acre, while hundreds of cattle feed on the rich grasses of the low lands and hundreds and thousands of gallons of milk go to Pittsburgh.

This great dam, which is described on page 18 of the Commission Report, will, according to the report, be built of earth with a concrete spillway 2,910 feet long and 27 feet high, backing up the waters of the small stream for 16 miles, with a width from 1 mile to 5 miles wide, containing at low water 25 square miles of land.

The fall of the stream for this 16 miles is a trifle over 1 foot to the mile and the land is so flat and level without any hard banks or gravel shores, excepting at the extreme lower end where this dam is built, that the raise or fall of a foot of water covers or uncovers thousands of acres, and it is intended during the dry season to draw 9 feet of water from this basin to supply the mills down the valley, this will uncover over 9,000 acres or fully one half of the land covered leaving no shore lines of any use and making the health conditions along the reservoir and in the Borough of Linesville intolerable. This not only destroys all the usefulness of this land but drives its owners away from our vicinity—it destroys hundreds of good farms and good farm houses, destroys miles of roads, necessitates the raising of the Pennsylvania Railroad 8 feet for 2 miles, cuts off the roads from the south and west leading into the Borough of Linesville, these are main arteries of trade for this town and will so surround the town with water that business will be unprofitable, real estate values will greatly decrease, a considerable loss in taxes on the lands covered with water, it will be said that this will be a great lake, good for a summer resort, etc. You have no fixed shore lines, if you build a dock at water edge to-day, to-morrow a half mile of mud will intervene between your dock and the water. This lake talk is all bosh, instead it will be a big, shallow, stagnant mosquito breeding, malaria and ague producing mud hole. The people down the valley will lay great stress on the benefits they are to receive, and will tell you of the small numbers who will be damaged, etc. Crawford County has a population of 70,000 and 99 per cent. of the people are strongly opposed to this. The Commission's report, on page 33, who will be damaged by this reservoir, Linesville Borough, Penn Town-

ship, Sadisbury Town and the Shenango, have 4,651 people, this added to the people in Ohio, including the Borough of Andorn and Richwind and Williamfield, 3,500, a total of 8,151. While those who expect to benefit below the dam, from Jamestown, Pa., and including Beaver Falls, are as follows: The cencus in these cities and boroughs along this river in 1910 was 150,124, but why not let the steel companies find ways to get their own water, why come into my county and destroy our lands? The City of Meadville has put down deep wells and ten of these supply a city of 15,000 with pure water. These big corporations are greedy and want what they want, regardless of the injury, damage and harm it does to others.

The Borough of Linesville in which I live will not be covered up with water to any great degree, but it will be marooned from its trade and it would be better if it was covered as damages will only be paid to land destroyed. Many of our business men do not know what to do, they cannot sell out and get away and most of them do not want to.

I have petitions of hundreds, yes thousands, of people of my county, asking you gentlemen to vote "no" on this bill. I have the resolutions of every Grange in Crawford against this bill. A resolution our county commissioners setting forth the harm and damage to our county. Also the resolutions of the Grand Camp of State Police of Northwestern Pennsylvania and Northeastern Ohio of 1,500 members. Ohio is deeply interested in this project, as it will flood her borders for five or six square miles, and Ohio has refused all legislation along this line and the Legislature of Ohio will not convene again in two years. This bill says the parties to be benefited may buy the lands and get waivers of damage loss in Ohio, but the consent of the owner would be void if the State of Ohio said no. So why pass this bill at this time.

Mr. Speaker and gentlemen, I plead to you on behalf of my constituents to vote "no" on this bill. Kill it dead. One hundred thousand dollars has been spent on this for survey, &c., and only blue prints to tell you about. Try for once to save the old Commonwealth a few millions of dollars.

Mr. THEODORE MORGAN. Mr. Speaker, I just wish briefly to give a short history of the matter pertaining to this bill. There is a lot of misunderstanding in regard to this measure generally, and I would ask for your kind attention to bear with me while I try to clear a little of it up. I live near where this reservoir is to be placed; I live a little below it, and have lived there for fifteen years, and I tell you gentlemen, that the conditions there are deplorable in many ways. In the early ages this was a vast lake at the end of the Shenango River, a glacial lake. It was drained and there was nothing but a swamp left, and it has been nothing but a swamp in the memory of the oldest man there. What we propose to do is to put a dam where the river has cut out and holds these waters back and here are the reasons why:

In the winter, spring and fall we have disastrous floods through the valley. Three years ago we had a flood that was caused by a rainfall of seven inches in three days and we had a flood there then that caused a damage of over four million dollars. It swept the foundations out from under brick buildings in our town. The river overflowed its banks for several feet and there was a raging torrent through the town and people were swept into the torrent and disappeared and were drowned. The stone piers were swept out from our bridges; and so on down the valley, and the State to-day is building two bridges at New Castle that will cost half a million dollars apiece before they get through with them.

Now these floods come more or less every winter and they are getting worse. In the early days there were not so many floods because the river banks were well timbered and the land was not cleared, but they discovered coal there seventy-five or eighty years ago and they began to take out the coal there and there came a chain of factories along the river and they extend all the way from Greenville clear down to the Ohio river, probably on the course of the river a distance of over a hundred miles. Hundreds of millions of dollars are invested in the factories and hundreds of thousands of people are dependent upon them. Now, in the winter, these floods stop the mills from running and we get so much water and every tree that is cut down and every ditch that is formed adds to it and it is getting worse year after year. In the summer time we have no water at all. The river last summer in August, July and September was nothing but a sewer with scarcely any water running through it and these factories had to use what water there was and they used it over so often that it was boiling. One factory has built a great lake beside their plant, that cost one hundred thousand dollars, to store water and they have found they were unable to run many of the departments in these plants; where they should make thousands of tons of steel at one turn they were unable to make over twenty tons.

Thousands of men were standing idle there and the profits of the institution were killed. And worse than that, the sewage in that river polluted the wells. There are deep wells all through the valley and when the water gets low it settles down in the wells and they all dry up and we have typhoid fever every summer. In addition to the fact that we cannot get water to run our plants we are forced to use this filthy water, and that is the kind of water used by the people from Greensville to Beaver Falls, New Castle, and the entire three counties are suffering from it. If something is not done those factories will have to leave Pennsylvania. One of them has already bought several thousand acres on the lake and intends to move. That one plant paid in taxes to this State last year fifty thousand dollars. A number of them pay ten to twenty thousand dollars; and so it is all the way down from our town. The State cannot afford to lose the factories but it will unless facilities are given to do their work. That is in addition to the fact that the workmen lose their wages.

This dam will hold all the water back and the engineers of the Water Supply Commission have told us that if that dam were built it would take care of three times the amount of water in the river, and the Water Supply engineers say they will guarantee a good supply of water from the river through the summer, ample water and that will be fairly good to drink. Gentlemen, this is a problem exactly in line with what the Federal Government is doing in advocating holding back the flood waters and to avoid the loss that the mills incur every year. You gentlement know I am telling you the facts and know these conitions up there now, and I appeal to you gentlemen to vote for this bill and give that valley the help that it needs. I assure you that there is nothing wrong about this bill and nothing unfair about it. Any damage done to any property or farms taken will be compensated and our people in the valley are ready to build the dam and pay for it but the State cannot give them control. I appeal to you again to vote for this bill.

Mr. WALLACE. Mr. Speaker and gentlemen of the House, this is one of the most important measures, I think, that this Legislature has considered at this time.

This is a conservation problem, and is the greatest importance to the people of the western part of this State as well as to all the people of the State. The great State of Pennsylvania is the instrument of the people for their betterment and to do things for them that will be to their advantage as citizens of this Commonwealth. This is a measure that is fair and above-board, a measure in which we have nothing to conceal. We are greatly interested in this proposition because a great number of people in the western part of Pennsylvania are suffering and have been suffering for many years for the want of sufficient water for their domestic purposes and for commercial purposes. It is proposed that they build on the sight of the Pymatuming a vast reservoir for the purpose of conserving the water supply of the Shenango river, not for the purpose or for the benefit only of the corporations but for the benefit of all the people. Of course, gentlemen, the corporations are for this measure and we are for the corporations in our district because our territory there depends to a large extent on these factories and these iron mills which are our principal business in this section of the State. There is a vast difference, if you please, between corporations attempting to manipulate legislation for their selfish interests, as some people in this State seem to think they are doing in certain cases, and the corporations doing something for the mutual benefit of the people and of all the manufacturers.

This Pymatuming reservoir when completed will be itself a little larger than Chautauqua Lake in New York State and Chautauqua Lake has 24.4 square miles of water.

This reservoir when completed will have 26.6 square miles of water. In order that you may make a little comparison of the size of this project, I will say that the surface of Conneaut Lake, which is the largest inland lake in this State, is 1.45 square miles while this reservoir when completed will have 26.6 square miles. Pymatuming Swamp as it now is, is the source of the Shenango river and the Shenango river is the sole water supply of all the towns along it from the source of the river to the Ohio river. Situate on its banks are Greenville, Sharon, Farrell, West Middlesex, New Castle, Wampum, Koppel, Beaver, Beaver Falls, Rochester and New Brighton. There are about two hundred thousand people in that district that are dependent upon this stream for their water supply. There is an immense amount of water used in that district for domestic purposes and for commercial and manufacturing purposes. In the springtime the floods are most destructive in that district, and I want to say to you gentlemen that the State of Pennsylvania has paid or will pay in the very near future an immense sum of money for building bridges over this stream that have been destroyed by floods.

You will bear in mind, please, that the Shenango River is a navigable stream and over this stream all the bridges that are destroyed by floods must, as a matter of law, be reconstructed by the State of Pennsylvania. Will anybody say that the State of Pennsylvania is not interested in this project when they pay the State immense sums of money in rebuilding these bridges and are now and have in course of preparation, in course of construction, several more, that they are required to build. This is a project that ought to appeal to all the members of this House because it is a question of health and the welfare of a large number of the citizens of this Commonwealth. This great State of Pennsylvania has furnished and is furnishing for her citizens a great many things that have cost immense sums of money, but at the same time these things which they have furnished are primarily only for the benefit of a few or of a class but what is for the benefit of any large number of her citizens is for the benefit of the State. We do not hesitate to appropriate money for the administering of certain departments of this State Government while at the same time we know that the money is used for the primary interest and benefit of only a few of the people or of a class of the people. We appeal to you men in this House to pass this bill, not only in the interest of the manufacturers but in the interest of all the people. We could not get along in the western part of this State without these manufacturing institutions; they are an important part in our welfare and in our prosperity, and a large proportion of the citizenship of these towns, which I have enumerated, in these communities are employed in these mills and in these factories. We have now come to a place that if we don't get an added water supply the prosperity of that section must stop at once. We cannot take on any more manufacturing plants until we get more water. We have an abundance of water there if we could conserve it so that we could have it in the dry seasons as well as in the springtime, and that is the purpose of this project—to conserve the waters, restrain the waters in this lake in the springtime, when there is plenty of water, so that we may use it during the season as we need it. The water which these people are compelled to use is certainly a disgrace to the Commonwealth of Pennsylvania, and particularly to the neighborhoods interested. It is a solemn truth, gentlemen, that the water which is pumped into the reservoirs for domestic use in these sections contains over thirty per cent. of sewerage; that water must be filtered and chemically treated, and that is the only supply that the great proportion of the citizens of that community must use for domestic purposes. Will any man in this House say to me that we are selfish in asking the great Commonwealth of Pennsylvania to come to the rescue of the people who have that kind of filthy water for manufacturing to say nothing of their drinking water and water for domestic purposes? We are not selfish; we are asking for our rights. Yes, someone has said: "Why don't the people do this themselves?" I will tell you the reason: This is a navigable stream and the great Commonwealth of Pennsylvania has refused from the very start of this proposed project to grant the rights to private individuals to do this thing. They have said that it is against the policy of the State to turn over to private concerns or to private communities the right to take this water and control it, and I believe they have rightly said. But if the Commonwealth of Pensylvania will not turn over her natural resources, to any corporation or to any financial institution or to any section of the State and give them control of it, the people of this section would be willing to finance this project if the State of Pennsylvania was willing to turn over to them the opportunity to do that thing. Yes, someone has also said: "Where is the State going to come in on this project?" I want to say to you gentlemen of the House that after this project is completed there is nothing in the world to hinder the State of Pennsylvania from enacting a law to tax the people who use the water from this dam and in that way get returns for their investment. They will not turn it over to us; I don't believe you men would like to see the State turn it over to us, but if the State builds it, which they should do, they have the power and authority to tax the consumers of this water in order to get a return for their money which is invested. Now, are the people in that section doing anything to help themselves? I want to just say to you men that this dam will cover about twenty-two hundred acres in the State of Ohio. If you will read this bill you will find that not one dollar of this appropriation is available for the project until the people interested in that community purchase this tract of twenty-two hundred acres in Ohio, and turn over the deeds to the Commonwealth of Pennsylvania free and clear of all liens and encumbrances. That is what the people of this district have asked to do and that is what they are going to do and will gladly do. We are willing to help ourselves, but when the State does not relinquish its rights or turn over to us the right to do this whole thing, then we are doing all they have asked us and all that we should do. Is this proposition feasible? I want to quote for your information just a few words from the report of the Water Supply Commission of the Commonwealth of Pennsylvania. This project, you understand, is to be built by the State of Pennsylvania and when completed it will not belong to us, but to the State—to your State, if you please and that Water Supply Commission reported on this project and said this: "As the demand for water increases with population and industry, and as the stream flow, due to natural causes, continues to reach lower proportions, the necessity for the regulation of the flow of streams by artificial means increases. In the Shenango Valley, the status of industrial development is such that without largely augmented water supply, further increase in population and industry must be slow, and in the near future must cease. The State has wisely aided in the solution of this problem by providing the funds for a careful investigation of the feasibility of constructing the Pymatuming reservoir, and as a result of this study, the Commission is assured of the desirability of its construction, and the feasibility thereof, the resulting benefits accruing to the State at large, as well as to the various communities along the stream." That is the report of the Water Supply Commission.

Again I wish to call your attention, in concluding, to the fact that this project has been before the people of Pennsylvania for several years past. It has been passed on favorably by two General Assemblies and by two Governors of this Commonwealth. I want you to bear in mind, notwithstanding what anyone may say to you, that this project is in the interest of the people. It is not primarily in the interest of the manufacturers of this district, but it is in the interest of all people including the manufacturers. I am not speaking for the manufacturers, but speaking for the people of Pennsylvania itself; if our prosperity in the western part of this State is to continue we must have this necessary relief. And I ask you men of this House to vote favorably on this proposition.

Mr. PHILLIPS. Mr. Speaker and gentlemen of the House, as brother Wallace has already stated, this perhaps is one of the most important bills that has come before this Legislature during this session. I believe that in this bill there are just two propositions involved, gentlemen; one of them is taking care of the floods along this particular river, and the other one is to help the manufacturing industries which might be benefited by this dam that is to be built. Now, gentlemen, I want to make this plain to you, there is not a river in the State of Pennsylvania but at some time or other, in some way or other overflows

its banks, and causes destruction to property. You know that in each locality in which you have low lands, in each place this is true. If we were to spend one million and a half dollars to take care of this proposition, that has just been pointed out to you in this Meadville district, there is no locality which could not ask that its rivers be taken care of on the same principle. Now gentlemen the second proposition is to take care of the manufacturing industries along this line. If it be true that the manufacturing interests of the State of Pennsylvania are interested in the building of this dam to secure water to run their plants with, why should not they be allowed to pay for the bill. Should we ask the State of Pennsylvania to pay for taking care of the floods in that district; should we ask the State of Pennsylvania to build a dam for the manufacturing interests that happen to be along the river in this district? Is it right to do this? If it is right for one locality, it surely is right for another locality in the State of Pennsylvania. We have a manufacturing industry in our town and I would like to have the State appropriate a million and a half dollars to build a dam to furnish water for them. Now they have come here on the floor of this House and asked exemption from taxation. They pay one mill tax on the manufacturing industries in the State of Pennsylvania, and they objected to that in Committee. I want to read to you just a little article that was given by Mr. C. K. Williams in this book which you all got. In speaking of the tax on the manufacturing industries, he says "during the last twenty-five years, it has been one of the fixed policies of the State that the capital stock of the manufacturing corporations should not be taxed. As a result of this policy the manufacturing industries of the State have increased by leaps and bounds." Gentlemen, if that is true, if we have exempted the manufacturing industries of the State of Pennsylvania from taxation and they have increased by leaps and bounds financially and every other way, why should we spend a million and a half dollars from the resources of the State in the interests of those manufacturing industries over there in the western part of the State. Did you ever hear of a dam being built to drain the ground, or piece of ground, which covers the acres that this tract covers. Gentlemen, if we pass this bill appropriating a million and a half dollars for this proposition, they will be coming back each session to the Legislature for additional money to take care of this proposition. Now if it were for the benefit of all of Pennsylvania, and everybody received some benefit from this, we could not say a word against it, but this surely is for the National Government to take care of if they are going to take care of the streams. Now gentlemen, I want to say to you this, if you put this bill up to the Governor of the State of Pennsylvania, and ask him to give a million and a half dollars for this project, without providing any revenue, which we have failed to do this session, he will have to cut down the appropriations for schools, for hospitals or some place to make up for this deficit of a million and a half dollars. Can you stand it from the country districts, or from the cities? Can you stand a cut of your appropriation for the taking up of this proposition at this time? This is a very dangerous time to spend a million and a half dollars for the manufacturing interest of the State of Pennsylvania, when we need that money for war purposes and for the purposes of protection. This State is one of the largest manufacturing States of the Union and we want to keep it that, but we cannot afford at this time gentlemen, to go down into our pockets and dish out a million and a half dollars for the manufacturing industries to be taken care of, and I ask you gentlemen to vote this bill down.

Mr. THEODORE MORGAN. Mr. Speaker, I beg to differ with the statement made by the gentleman from Clearfield, Mr. Phillips, insofar as the manufacturing industries do not pay tax. During the last year they paid one hundred and fifty thousand dollars in this State alone, and any number of these paid ten to twenty-five thousand dollars last year in taxes. They are willing to pay more, and they ought to pay more, they ought to pay more from the profit which they are making. There are manufacturing industries in the valley there that are willing to pay a certain tax to compensate the State in the way of expenses of this work, for the construction of this dam. They are paying $60,000,000 in this country in taxes a year. The conformation of the ground is the reason why this dam will be so small in shape. It is a narow small stream and the dam is to be constructed there at the mouth to form a lake. Not any longer than from here down to the Columbus Hotel, and about as high as the top of those columns, because at one time it was a lake before. Now gentlemen let us be fair in this thing. I assue you personally, that so far as I know, and I have lived in this valley for fifteen years, the conditions are as we have stated them—it is a public necessity, and industrial necessity and a necessity for the health and existence of our people.

Mr. MILLIRON. Mr. Speaker and gentlemen of the House, I have listened with a great deal of interest to the gentleman from Mercer, Mr. Morgan, and also to the remarks of the gentleman from Lawrence, Mr. Wallace, and I was a great deal surprised when I found that the gentleman from Mercer wants this dam because he has been walking in water up to his ears, and the gentleman from Lawrence wants the dam because he has been dying from thirst. Now, Mr. Speaker, one or the other is mistaken. There is either too much water or too little water, and those are the opposite statements that the two gentlemen made. The gentleman from Lawrence also made the statement that the water that was served on his table was thirty per cent. Sewage. At the same breath, or almost, he stated that this pond or dam would be larger than Lake Chautauqua, in New York State, and would make an excellent place to plant cottages around on the banks of this dam or lake. What I would like to know is, how that will decrease the amount of sewage, to have one hundred or two hundred cottages around the top of this dam, from which they are going to get their water supply. It seems to me that this is "damnable" proposition. It must be one of those that the Good Book speaks of as having been conceived in sin and brought forth in iniquity. I know, gentlemen, that this proposition is not a new one. I understand that it was before the Legislature in 1913 and 1915, and was vetoed by the Governor in 1915. I also am aware of the fact, Mr. Speaker, that our beloved Governor at this time is very anxious for the conservation of the water power of this State. If the press has quoted him correctly, he said in an address not long ago that if the water power, if the water power of this State was conserved, that he could die happy. I want to say to you, gentlemen, that if I thought that was the only thing that was keeping him from meeting his maker in peace, that I should vote for this measure, notwithstanding the fact that it would cover Crawford county with water from one end to the other, but when I realize the fact that the actions of the members of this House have not indicated that they are ready to go into the evangelical work and also from the fact that we promised our people back home that we would enact such legislation into laws that would be just and right and equitable to all of the people of this Commonwealth, and now for us as a legislative body, on the eve of this legislative session—during which we have done some things I hope for which we will be commended, and have done some things for which we will be criticized—at the closing day for this Legislature to appropriate one million two hundred thousand dollars of the State's money to go into the frog business, it seems to me that it is not a fitting closing deed to do, for any body of men of average intelligence to do. It has been said that the conservation of the water in this State is important. That is true, but in these times when the cry comes from our nation, when the cry comes from the State, when the cry comes from your own household for the increase of food supplies, it seems to me after the Legislature in years gone by has appropriated money to drain this very piece of land so that it might be cultivated, and we find out there now people raising five hundred and six hundred bushels of onions on an acre of that land, now when we are at war with Germany and practically called upon to feed the whole world, is it right that we appropriate this money to dam up water and crowd these people out who have spent their money there so that it might produce foodstuff? I am aware of the fact that there are great powers behind the passage of this bill, and I know this to be a fact that if we were asking here to-day or had a bill before this House to give the boys and girls out in the country a few more dollars, or appropriate something for a good hospital or insane asylum, there are certain people who would stand aloof as though it were a great serpent about to be ap-

proached. But a proposition that appropriates money like this is like the Ohio and Lake Erie Ship Canal proposition, where we spent about a hundred and ninety-six thousand dollars, and I stood back here two years ago and begged the members of this House to vote against it. Now they appropriated and have buried one hundred and ninety-six thousand dollars of the State's money, and the last inventory showed that there was nothing to show except a twenty-cent fishing-line. Whenever you get a proposition of that kind, where there seems to be a chance or possibility of somebody reaching into the pork barrel and getting a handful of change, they flock around it like flies around a molasses barrel. If you are in favor of pouring out more money into the same territory, into the same place where we gave them a canal, where they ought to have water and ships galore by this time, when they said two years ago that the steamship whistles would soon be blowing and that they would be sailing from there around to the port of Philadelphia, and while they have nothing to show for it except a fishing-line, vote for this bill; but, gentlemen of the House, I say that it is ridiculous. I am not going to say that the manufacturers are asking for something that they should not have, but I say to them, "Ask for anything you can get." But when we appropriate a million dollars for the United States Steel Company, we ought to do it with bowed heads and in reverence. We ought not to look our constituents in the face when we go back home. Gentlemen, I am sincere about this. When one man is drowned by the water and another man is thirsting and dying for a drink of water, under those conditions, under those arguments, I would ask you, gentlemen, to vote no on this bill.

On the question recurring,

Shall the bill pass finally?

Agreeably to the provisions of the Constitution, the yeas and nays were taken and were as follows, viz:

Mr. SHATTUCK. Mr. Speaker, I ask for a verification of the roll.
